## Anatomy of Problems

by L. Ron Hubbard

*In this excerpt from the Saint Hill Special Briefing Course lectures, Ron describes what a problem is, and how it can stick a person in time. Read on, and realize that this is but a tiny fraction of what you will learn on your Scientology training.*

About time we had a look at problems and what they are and what they consist of. A problem is postulate - counter-postulate. Force versus force. Idea versus idea. Solution versus solution.

You have two people. And they're named Bill and they're named Joe. They're in collision with each other. They're having trouble. Maybe it's over a girl named Mary or a pot of gold. Who knows? But they're in trouble with each other.

How'd they get in trouble with each other? Remember they couldn't be in trouble with each other if they weren't in the same time stream. That'd be the first requisite. They'd have to be in the same time stream.

In other words, Bill would have to be able to talk to Joe and as well as Bill and Joe would be able to talk to Bill as well as Joe. Or, other words, he can talk to himself and he can talk to Bill. In other words, these people have

got to be in the same instant of time, so they have to be in the same time continuum. That is the first requisite. That sounds very academic, but that is terribly important.

You'd say, "Well, how could they be in otherwise than the same time continuum?" Well, listen, knucklehead, this isn't the only time stream there is. Where'd you get so monomaniac?<sup>1</sup>

Now, let me show you something. Do you realize that you, with your problems, are on a separate time stream from the physical universe and that's why you aren't in present time?

So right in the individual, we have two time streams.

Now, just look it over. Did you ever see a pc out of present time? Well, now, how do you suppose he got out of present time?

He must have started off in some instant of time that had to do with this same time stream, but he went on a spur line. Now, how did he manage to do that?

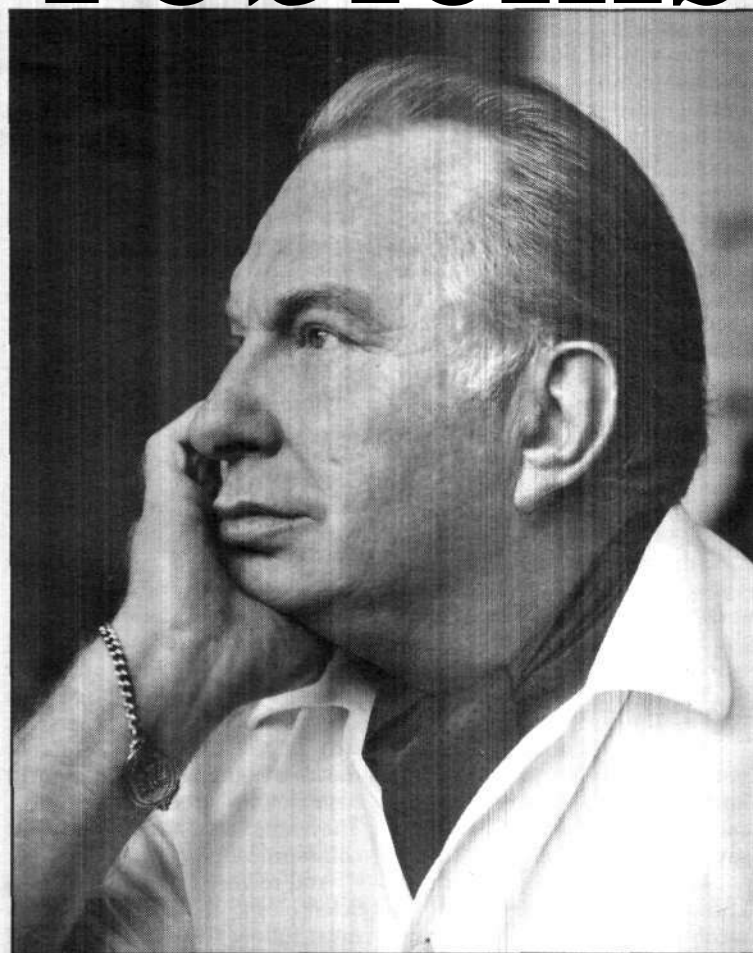

Well, during the middle of a race, he finds his watch is missing. He's down at the racetrack and there are horses and everything is going on and he's got two quid<sup>2</sup> or five bucks on the nose of some dog and here he is. He's all set and he wants to know if - you know, he's going to check up on it to make sure that this is the right race and he reaches in his pocket and his watch is gone. It was bequeathed to him by his grandfather. Family heirloom. Matter of fact, his stock in trade. Every time he loses bets, he goes down to the pawnshop and hocks it until payday. This is a very important thing, this watch. So he loses it.

Well, while he is at the racetrack in a time stream called a race, he tries to go back to the time he lost the watch and therefore, on the subject of the watch, has a departure in time from this time stream. He starts running on a back time track while time goes forward that everybody agrees on, on this time track, see? So he's going backwards in time and then trying to do something about that time. And he isn't really trying to stop his time stream. All he is trying to do is to find out what happened.

A thetan has the facility of running on another time stream. Now, there is your most realistic example, if you look that over. Simply a branch of this time stream.

So he goes off sideways and starts worrying about it. And he has a problem now. And because he hasn't solved this problem very well, he tends to get stuck in it, but then he really gets stuck by solving it, see? He solves it. He becomes the foe of all pickpockets.

*continued on page 2*

*"So let's look over the anatomy of problems and let's find out that all problems have their own time stream. It must be a mutual time stream between the two ideas, the two forces, the two postulates, the two beingnesses. They must have a time stream in common. They must also have a means of communication."*

## THOUSANDS LEARN TO OVERCOME LIFE'S BARRIERS AS GOLDEN AGE OF TECH AUDITORS

HAVING DISCOVERED THE POWER OF LRH TECHNOLOGY THROUGH THE PAGES OF A DIANETICS OR SCIENTOLOGY BOOK, THOUSANDS ARE NOW TAKING THE NEXT STEP: TRAINING AS AUDITORS IN A GOLDEN AGE OF TECH ACADEMY. AND IN DOING SO, THEY'RE LEARNING THE TECHNOLOGY TO OVERCOME SEEMINGLY INSURMOUNTABLE BARRIERS IN LIFE.

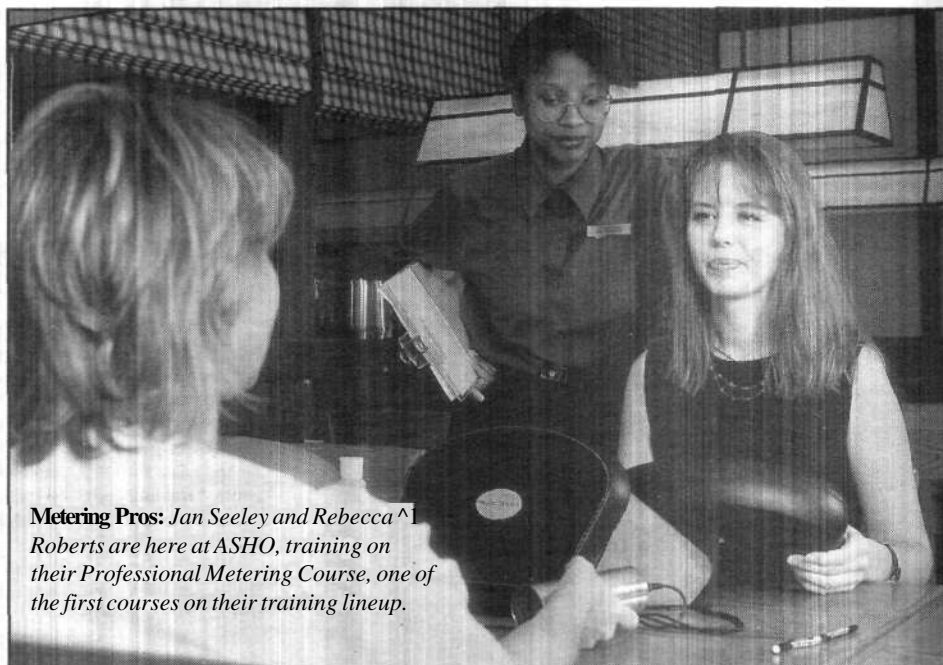

Have you ever run into a situation you couldn't handle in life - an obstacle to your happiness, one that prevented you from achieving your goals? And have you ever tried to find a real solution to handle it? Then read the following story.

Dan R. was facing a lot of tough decisions in his life, and was looking for answers. With a stressful career, relationship problems and no clear-cut way to achieve his goals, all Dan could see was obstacles. Then one day, he happened to spot a copy of Dianetics in a bookstore and picked it up - and began the adventure of his life.

He immediately saw the truth in the words of L. Ron Hubbard, and started co-auditing Dianetics with a friend. That led to his forming a Dianetics group in his area. But that was just the start.

Dan soon found out there was more to Dianetics and Scientology - much, much more. Once he learned about The Bridge to Total Freedom and about

# Anatomy of Problems

And by remaining the foe of all pickpockets, then he won't again lose his watch. But he is already on a time stream which is slightly in disagreement with the time stream that everybody else is in. Because he's on a time stream which begins with the loss of a watch. And that is its beginning and then it, therefore, continues on forever, so to speak, because, of course, he started it. And it goes off and you normally refer to this sort of thing as a game or something. It's a rather downgraded game if you want to get the facts of the case.

He goes off - one shouldn't lose watches. It is proven to him conclusively that watches can be lost. One should always be alert, then, to people who steal watches because there's this time at the racetrack when. And there's a little division there that he has set up and he tends to get hung up. Now, he actually isn't hung up in a moment of this time stream, but a moment. That is the exact instant of departure. The rest of the time he, of course, kind of makes time himself.

It becomes an endless affair. This little tiny problem can float forever. It'd be undetectable in the huge mass of material in his reactive bank but nevertheless it's a little thread of time that is trailing along all by itself.

You start running this pc and you - suddenly he goes *clonk*, you know and he isn't there and you can't get his attention. And you say, "What is this all about?"

And he says, "Oh, I don't know. I'm... Picture of a racetrack."

Well, what is he doing with a picture of a racetrack? Do you know that you and he are not at a racetrack? Did it ever occur to you that this is something odd?

Here you are. You're sitting in the room auditing and he's got a picture of a racetrack. Well, we already know he isn't there. We already know it's the not-thereness. You see, I'm only pointing out to you a phenomenon with which you are very, very familiar. But I'm giving you some of its genus. That racetrack, to the actuality that it exists in his mind, is. The racetrack is.

It's an object on another time stream. Because there's a racetrack there as a picture, there must be a time stream there if it connects a picture. He's perhaps progressing along very nicely in this moment of time, but he can at any moment then flick over and start progressing along another sort of a branch of time. I'll try to make it as real as I can to you.

(continued from front cover)

All right. How about the fellow that didn't enter this universe at all? Have you had any problems with this person? No, have you? He never got here. He's never been on any part of your time stream and you've never met him. You never met him, you never heard of him. He isn't here. He isn't in this universe. He isn't on the time stream. He didn't even take off from the same spot you took off to enter this universe.

Can you have a problem with that man? He can never meet you. He can never talk to you. He can never have anything to do with you. You will never meet. The closest you will ever come to meeting him is my mentioning him. You going to have many worries about this man? You going to sit up all night worrying about him?

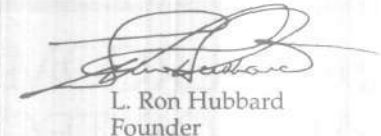

Well, (1) you've never had anything in common with him. And (2) you've never communicated with him. You've never been a friend of his. And (3) you've never had any overts against him or withholds. How can you have a problem? You can't.

So let's look over the anatomy of problems and let's find out that all problems have their own time stream. It must be a mutual time stream between the two ideas, the two forces, the two postulates, the two beingnesses. They must have a time stream in common. They must also have a means of communication.

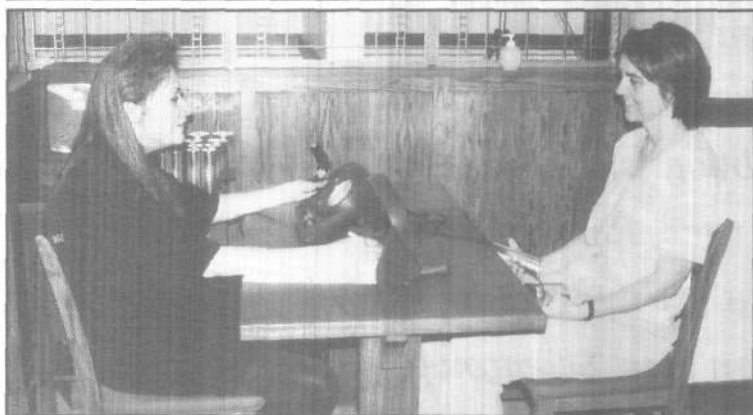

You're very familiar with it in Scientology, that an ARC break must follow ARC. That is an old subject.

But let's apply it to problems. And let's find that there couldn't possibly be a wild disagreement without there having been a solid agreement. Let's move that over on just a little bit more.

Let's find out we couldn't even possibly have a problem with somebody who wasn't in our own time continuum and with whom we had no communication. We must have had communication. And the problem is as grand and marvelous and explosive as there has been coexistence and agreement.

**There's always time to get trained:** (right) Jennifer Coleman recently spoke at ASHO graduation about how her training has given her more time in life, as she has the tools to handle life.

(continued from front cover)

Scientology training, he went to his local Church of Scientology and signed up right away.

As he trained, he found his own life began to dramatically change. He began a successful career in the computer software industry - an area which had always been hard to get started in. His relationship barriers were totally overcome when he got back in contact with his high school sweetheart, handled their communication upset of many years, introduced her to Scientology and they are now engaged to be married, training and moving up The Bridge together.

The seemingly formidable career and relationship blocks in Dan's life literally vanished when faced with the powerful technology of L. Ron Hubbard. And Dan's story is by no means unique - thousands of people from all walks of life are gaining the skills to conquer any hindrance to their happiness and success, through Golden Age of Tech training in their Scientology Academy.

## WHAT IS ACADEMY TRAINING?

Training is the key to overcoming any obstacle you have in life, because it gives you the exact tools to handle any situation you run across. Communication problems. Insecurity. Career setbacks. Upsets with your family. Traumatic situations. The answers to why these things happen, and what to do to handle them, are all covered in Dianetics and Scientology Technology.

It starts with becoming a trained Dianetics auditor, which you can do right now in your local organization, in a matter of days.

Beyond that, there are many more levels of training, starting with the Scientology Academy Levels. These give you the fundamentals of life, tools to overcome any stop or block you encounter.

Have you ever, for example, run across a situation at work where you have to deal with a co-worker or employee who doesn't understand what you ask him to do, then makes a mess of it? Or how about a relative who

gets ill? Would you know what to do for him? Or maybe you know someone who just can't seem to get through a day without getting into an argument with their spouse. These are all too real problems in life, and there are thousands of "experts" who would tell you that there are no solutions, but that you just have to learn to live with it, or compromise to be agreeable.

That's nothing but bunk. On the Scientology Academy Levels, you learn the exact ways to handle ANY of these problems. And you learn them so that you can apply them to your life immediately.

There are five Academy Levels, each done in sequence: Level 0, where you learn about communication difficulties and how to deal with them; Level I, which deals with the anatomy of problems and how to make any problem vanish; Level II, where you gain the skills to handle the upsets and sufferings in life, so that you get relief from them; Level III, on which you find out why a person can be stuck in a past upset, and how to free him

from this; and Level IV, which deals with the reasons why a person is stuck in fixed conditions in life - and how to get him out.

With this incredible knowledge and these skills, you will be able to face any challenge, blow away any barrier, and truly achieve your goals in life.

## THE GOLDEN AGE OF TECH MAKES YOU A PERFECT AUDITOR

The training tools now available in all org Academies, and ASHO, make training fast and easy. These breakthroughs are the Standard Tech Drills, Hubbard E-Meter Drills Simulator, Quantum E-Meter and Technical Training Films. All students training in today's Academies use these tools and are learning their auditing skills perfectly.

• **Standard Tech Drills** - Fully scripted sessions based on exact LRH references which train the auditor on the one, correct, Standard Tech handling for every situation that could occur in an auditing session.

• **Hubbard E-Meter Drills Simulator** - The breakthrough which creates fully interactive session situations through the replay of every imaginable E-Meter needle and Tone Arm action. This is the breakthrough that will enable you to drill to perfection, and will blow away any uncertainties you could ever have in an auditing session.

• **Quantum E-Meter** - The biggest breakthrough in the history of metering, and auditors rave about the results they get with this precise instrument.

• **LRH Technical Training Films** - these films were written by L. Ron Hubbard, and many are narrated by him. They are the visual standard for all students to follow. Without Tech Films, there would be no way for a student to actually see how standard auditing looks. They are therefore priceless to all who train in the Academy.

## FIELD AUDITOR AND ASHO BC GRAD HONORED

Judy Willardson recently received an award from I HELP (International Hubbard Ecclesiastical League of Pastors) for being the most successful Scientology and Dianetics field auditor in the Western United States.

Judy Willardson receives Top Field Auditor of the Year award from the Commanding Officer of I HELP International.

Interviewed after the awards ceremony, Judy discussed her secret to success: "I treat every preclear as a special person. My greatest pleasure is helping each preclear realize who they really are and what they are capable of."

Judy is an ASHO Briefing Course graduate who has been actively auditing in the field for many years.

## ASHO BRIEFING COURSE GRADUATE OPENS NEW MISSION IN RENO!

On February 6, 1999, Rohn Walker, an ASHO Briefing Course graduate who is also a Class VIII Auditor and New OTVIII, cut the ribbon to open the new Reno Mission.

The mission is located at 200 Court Street in Reno, just half a block from the riverfront. And the Grand Opening attracted people from all over Reno, anxious to find out about the new mission in their area. After the ribbon cutting, Rohn explained his purpose for opening a mission and expanding Scientology activities in Reno, including the many community activities with which the mission will become involved.

Then the crowd was toured through the mission spaces, including the registration and

bookstore areas, course rooms and Hubbard Guidance Center. And at the end of the tour, all received their own copy of the Grade Chart and were instructed on how to use it to chart their progress up The Bridge to Clear and OT.

Additionally, an introductory lecture on Dianetics was given that day, with many buying books and signing up for the Hubbard Dianetics Seminar, so that they could take their first steps on The Bridge.

With the opening of the new Reno Mission, the citizens of this city can now learn the only workable technology in existence to achieve happiness and success in their lives.

## ASHO CLASS VI TO OPEN NEW SCHOOL ON L. RON HUBBARD WAY

Like all Briefing Course graduates, Mary Untiedt has a strong purpose to get LRH tech into society. "I looked at the many ways LRH tech is exported into the community," she said. "What I decided was to put in a school which has LRH's tech fully in use." And she is doing just that, as construction is now underway on Mary's Schoolhouse, a new Applied Scholastics school located right across the street from ASHO on L. Ron Hubbard Way!

Mary's Schoolhouse will not only deliver LRH study tech, it will also house a Community Activity Center to assist all children in the community, as well as their parents.

While the building is still under construction, a symbolic event was held recently when the school bell was raised on the building. Scientologists from around California attended the event, to witness the bell ring its first notes - and to celebrate a bright future for the children of this LA community!

## IT'S "DANCING ROOM ONLY" AT ASHO'S SATURDAY NIGHT CAFE

ASHO is definitely the place to be on Saturday nights! More than 200 people attended the recent Saturday Night Cafe, and all

# ASHO's Hubbard Guidance Center services Scientologists from all over the Americas

Our HGC is busier than ever these days! Scientologists have been coming here from across the Americas to move up The Bridge to Clear. Many come for the Power Processes, part of the Alternate Route to Clear, and others come to get unstalled and moving on The Bridge, and still others come for their Grades auditing.

Then there are those who are taking the most rapid route up The Bridge, getting auditing in the HGC while at the same time doing their Golden Age of Tech training - moving up both sides of The Bridge at the same time!

Tulia Connan is currently on the Student Hat at ASHO, and has been receiving her Grades auditing in the HGC. She is on staff at the Citizens Commission on Human Rights.

TULIA CONNAN

Tulia was born in Israel, and had decided she wanted to reside in America. This meant confronting and handling the immigration office and all the legal paperwork - one of the areas of life where her auditing made all the difference.

"When I first started receiving Grade I auditing," she told The Auditor, "I was mid the process of becoming an American resident. The cycle had been taking forever and I was very unhappy and enturbulated, as I didn't know if I would be able to stay here. It was such a problem for

Needless to say, Tulia is continuing her Golden Age of Tech training, and auditing, at ASHO.

## PROCESS OF THE MONTH

This month's process, **Habits**, is from the Recall Processes Section of the *Introductory & Demonstrations Processes Handbook*.

When these introductory processes were first assembled in book form, L. Ron Hubbard told readers in the preface to the book, "I refuse to take responsibility for any miracles you pull off. But for sure you are going to make some eyes pop. Have fun."

And you will definitely have fun with this process. Simply read it, understand it and then run it on someone.

### HABITS

**REFERENCE:** Lecture 30 Jan. 57, "Auditing Techniques: Workable and Unworkable."

**USE OF PROCESS:** This process can be used to handle a habit.

**INFORMATION:** This is a fast process which will sometimes key out a habit.

**PROCEDURE:** Ask:

"Who used to \_\_\_\_\_ (habit, e.g. 'pick his teeth with his thumbnail day and night')?"

Let him think for a while and get the answer.

When he tells you, ask:

"Can you remember an exact instant when you saw \_\_\_\_\_ (terminal, e.g. 'your father') do that?"

Get him to describe it to you.

This will very possibly key out the habit.

Run to end phenomena, i.e. he should have a cognition and very good indicators. Then end off.

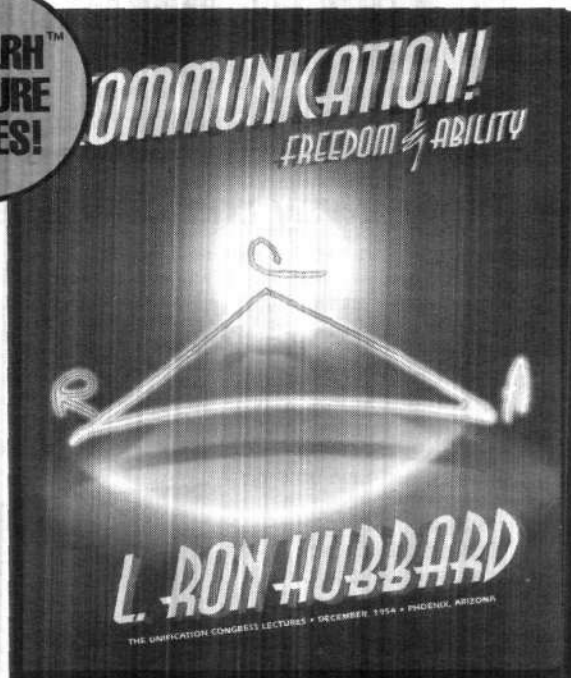

**Notes on Running:** If you continue to ask the pre-clear questions along the same line you may wipe out the key-out and he'll get the habit back again. This is because the type of question you are asking him is based on the fact that you have noticed that he is the effect of something, and all your further questioning tends to confirm his having been an effect of \_\_\_\_\_ (whoever had the habit).

### Write in and tell The Auditor Editor about your wins delivering this process.

1. **key out:** to release or separate from the reactive mind or some portion of it.
2. **cognition:** a realization about life. The person will say something like, "What do you know, I..." Cognitions result in higher degrees of awareness and consequently greater abilities to succeed in life.
3. **very good indicators:** those indicators of a person indicating he is doing better, he is happy and winning.

## LEARN THE BRILLIANT TRUTH TO OVERCOME OBSTACLES AND RESTORE YOUR FULL ABILITIES

NEW LRH LECTURE SERIES!

1 binder • 16 cassettes • recorded in CLEARSOUND™ technology

If you don't need to communicate via the body, why do you do so anyway?

When you made a postulate and it didn't stick, what did you use instead?

You've heard of a communication lag - but what about an affinity lag or a reality lag?

The answers to these questions and many more can be yours in the new LRH lecture series, *Communication! Freedom & Ability*.

You'll discover the vital role communication plays in your existence - and how restoring communication can ignite your abilities into full splendor.

Drawing on his exploration of the potential of a spiritual

being, L. Ron Hubbard reveals the *one ability* that will restore a being's *total ability*.

This series even contains a discovery LRH made which he considered so important he wanted to deliver it face-to-face. It is the factor which lies *above* communication, and this technology has everything to do with your life.

How vital is this lecture series? It gives you the knowledge of how to use communication to make your postulates happen. And that means *everything* - to your life, your happiness, and your success.

It can mean the difference between eternal darkness and a bright, glorious future.

# The MARK V E-METER™

The E-METER, or electropsychometer, is the tool which enables an auditor to see the spiritual blocks which trap an individual, and thereby enable that individual to get rid of them. This is the tool that will help you to discover who you really are, and get rid of what stands in the road of your happiness and success.

And the MARK V E-METER is the meter that can take you up THE BRIDGE® Grade Chart to

Clear. It's so sturdy, reliable and dependable, it's been called the "Workhorse" meter. In use since 1963, the MARK V has been used by thousands to move up to Clear. Economically priced, it's the meter that's affordable for anyone.

## FOCUS ON SUCCESS

# Trained auditors help others over life's hurdles

### BC STUDENT TRAINS WITH PURPOSE TO CLEAR OTHERS

An ASHO Tour came to Margaret Paul's org in Vancouver, British Columbia, Canada. That night, at the Tour Event, Margaret first heard about the Saint Hill Special Briefing Course and knew it was for her. She is now at ASHO, fulfilling her dream on the Saint Hill Special Briefing Course.

"I am very, very interested in creating a Clear planet," said Margaret. "There are so many Clears that need to be made and there

is no way to make them unless you really know all about cases, so you can handle ANY case. The data from the SHSBC is what will give me the tools I need.

"There is something so special about ASHO. This place is really dedicated to auditors. It can be seen in the course rooms and in every person who trains here. That's why I wanted to train here.

"ASHO is where you come to get solutions, not to stay stuck in problems. This is where the answers are, where you get the true data."

Margaret plans to bring LRH tech to new areas of the world

when she completes her Class VI training. She is also doing her Solo training at AOLA and will do her OT levels there, all while on the SHSBC.

### BUSY SCIENTOLOGIST IS NEVER TOO BUSY TO TRAIN!

Linda Lombardo balances a number of interests and activities in Scientology, and in the LA community: studying the Saint Hill Special Briefing Course; organizing successful charity fundraiser events; acting as Director of Governmental Affairs for the Hollywood Education and Literacy Project (HELP); and raising her family while being involved in many other community activities. What is her secret?

"I made a personal policy of never going off my training," she told us. "No matter how much I have on my plate or how busy it can be, I am never off course. There is such power

in being part of this group. SHSBC students are the group Ron formed and taught, day and night. Being on the Briefing Course is being a part of that group, which Ron poured his all into, and you just become so connected with Source. Because of this, things start going right in your life - all the power of Ron and the SHSBC is right there with you, you aren't there by yourself."

Of the many activities Linda is involved in, one of the most important is the HELP Project. "This project is one of the most dynamic forces on this planet," Linda said. "We are creating a model here in Los Angeles that is already being exported to other areas. There are so many ways anyone can contribute to this flow and I encourage every Scientologist to do so.

"I envision my future as a Class VI by continuing and expanding my involvement, at all different levels, with these kinds of community activities."

(right) Margaret Paul arrived for the SHSBC after the ASHO Tour visited her home in Vancouver, British Columbia.

(far right) In addition to her many other activities, SHSBC student Linda Lombardo is getting hatted as a tutor at the Hollywood Education and Literacy Project.

Just as 100% Standard Tech applied in session invariably produces miraculous results for the pc, the tech contained in OEC Volume 0 - Standard Admin - brings about results on the 3rd dynamic that are just as remarkable.

This is news for every Scientologist. We have the 3rd dynamic tech of survival and this is something everyone needs. This tech is not just for an executive or someone involved in business affairs - it applies to any activity you could think of, from doing well as an FSM or Field Auditor to being stable on your job or any group activity. 100% Standard Admin is the tech you need to survive and achieve your goals in life.

Any group or individual who knows and applies Standard Admin will have the ability to flourish and prosper in the face of anything.

LRH says in HCO PL 30 Jan 83, *Your Post and Life*, "IF ONE KNOWS THE TECH OF HOW TO DO SOMETHING AND CAN DO IT, AND USES IT, HE CANNOT BE THE ADVERSE EFFECT OF IT."

# ENTER THE NEW MILLENNIUM AS A TRAINED OT

You start your journey to OT right across the street from ASHO, at the Advanced Organization Los Angeles. And as you've gained such a high degree of skill on the Briefing Course, you move rapidly through your Solo training and into your Solo sessions. The auditing skills you've learned will stand you in good stead all the way into the highest OT levels.

You continue your smooth journey up the OT levels as a perfectly-trained auditor...

...and move through the Wall of Fire with all the magnificent gains Ron intended you to have on this level.

Meanwhile, your Briefing Course training continues and soon you're on your Class VI Internship. It's definitely demanding - but nothing can beat the feeling of certainty you have when you graduate from ASHO and return to your home as a proven, permanent Class VI Auditor!

As a Duke of the Auditor Elite, you are ready to succeed wherever you go onto the broad communication lines of society, opening a field practice, starting your own Scientology mission in your home town or in a pioneer area, joining staff of a Scientology organization or becoming a member of the highly dedicated Sea Organization team at ASHO.

In fact, many Briefing Course graduates open missions in their area, or in pioneer areas. Being a Mission Holder is the ideal career for any Class VI auditor, as missions are

Scientology's spearhead into society and by being a mission holder, you are directly affecting the speed of Scientology expansion in the area in which you open that mission.

But whichever career you choose, you are assured the world will be a better, saner place because you have been there and applied your knowledge of Scientology technology.

And, of course, with the knowledge and skills you have gained from the Briefing Course, you continue to move up The Bridge to full OT.

## DEDICATE YOUR LIFE TO HELPING MAN GO FREE

The most valuable job on the planet is that performed by the org staff member. We have an entire planet to clear. And the bulk of that job is carried on the shoulders of org staff. We know there are many of you who recognize the most important thing you could do in your life is to dedicate yourself to helping man go free.

You have it in your heart.

You know it's what you want, and that nothing is more meaningful than ensuring man's future.

Of course, there is much in the field to forward that cause. And those activities are vitally needed.

But for those willing to assume the confront and responsibilities of org staff, to those dedicated to that commitment, there is no other choice.

Admittedly, it's not always easy on staff.

Hours are longer than you can imagine.

We sometimes must take on governments who have the running dog media at their side.

We likewise have to deal with every psychosis that planet Earth can exhibit.

So yes, it can be rough.

But do you know what it feels like to come out the other end a winner, and know that you struck a blow to ignorance and kept alive the chance for man to go free?

Ask any org staff member across the six continents of Scientology - the satisfaction they achieve transcends mere personal gain.

A Scientology org is where you can be totally on purpose, where you can work with others who are completely on the same purpose, and where, using LRH's tech, you can directly change the course of the planet.

You may have thought about the fact that you've been here for trillions of years, and you know that you could be here for trillions more. But who is going to take responsibility for making sure that next trillion is in the glorious light of freedom?

The only real answer is to take this one life and make it go right, come hell or high water.

So if you are committed to the dedication necessary to be an org staff member - welcome aboard.

## WHOEVER SAID "MAN IS AN ANIMAL"

## WAS BARKING UP THE WRONG TREE.

History is so strewn with brutal or violent attempts to understand or "help" man, that any anti-cruelty agency would have shut these barbaric practices down long ago.

Believe it or not, some of them are still around. Hacking man's brains to bits, sending megavolts through his head won't bring us any closer to understanding what man is all about. And it makes

helping man nearly impossible.

What makes us think? What makes us dream? And what, in the end, are we trying to achieve?

You won't find it in the twists and turns of a brain, but there is a way to tell. There is a way to know man and to help him forge a better life.

"This film showed me how we've had no answers for thousands of years about how the mind works. LRH has all the answers and no one else had the guts to say the truth. MAN THE UNFATHOMABLE does." - M.G. Guest at Premiere Showing

"MAN THE UNFATHOMABLE strips away any social veneer and portrays things the way they really are. It was direct and intense, and by the end I really got just how much LRH cared." - A.M. California Scientist

ANCIENT SCHOLARS SPENT  
A LIFETIME ATTEMPTING  
TO OVERCOME BARRIERS TO  
THE TRUTH ABOUT LIFE...

YOU CAN FIND THAT TRUTH  
ON THE SAINT HILL SPECIAL  
BRIEFING COURSE.

Scholars journeyed to ancient universities from far-flung realms in search of wisdom. Unfortunately, the early scholar never found true enlightenment: in terms of understanding himself and the anatomy of life, ignorance prevailed and man remained in a spiritual Dark Ages until now.

Today, we have centers of learning superior to anything ever dreamed by the scholars of ancient times, centers of *real* enlightenment and *bona fide* wisdom: Saint Hills. Here, you can become a

master of life by understanding, and applying, the complete technology of spiritual freedom.

Ancient students knew nothing of the mind's inner workings, nothing of the whole track, or what happened *between lives*. On the Saint Hill Special Briefing Course, you get all this - riches beyond the imagination of moderns and ancients alike.

Armed with the tech, you will graduate not just at the top of your class, but as one of the top beings on Earth: A Duke of the Auditor Elite.

# COME TO ASHO!

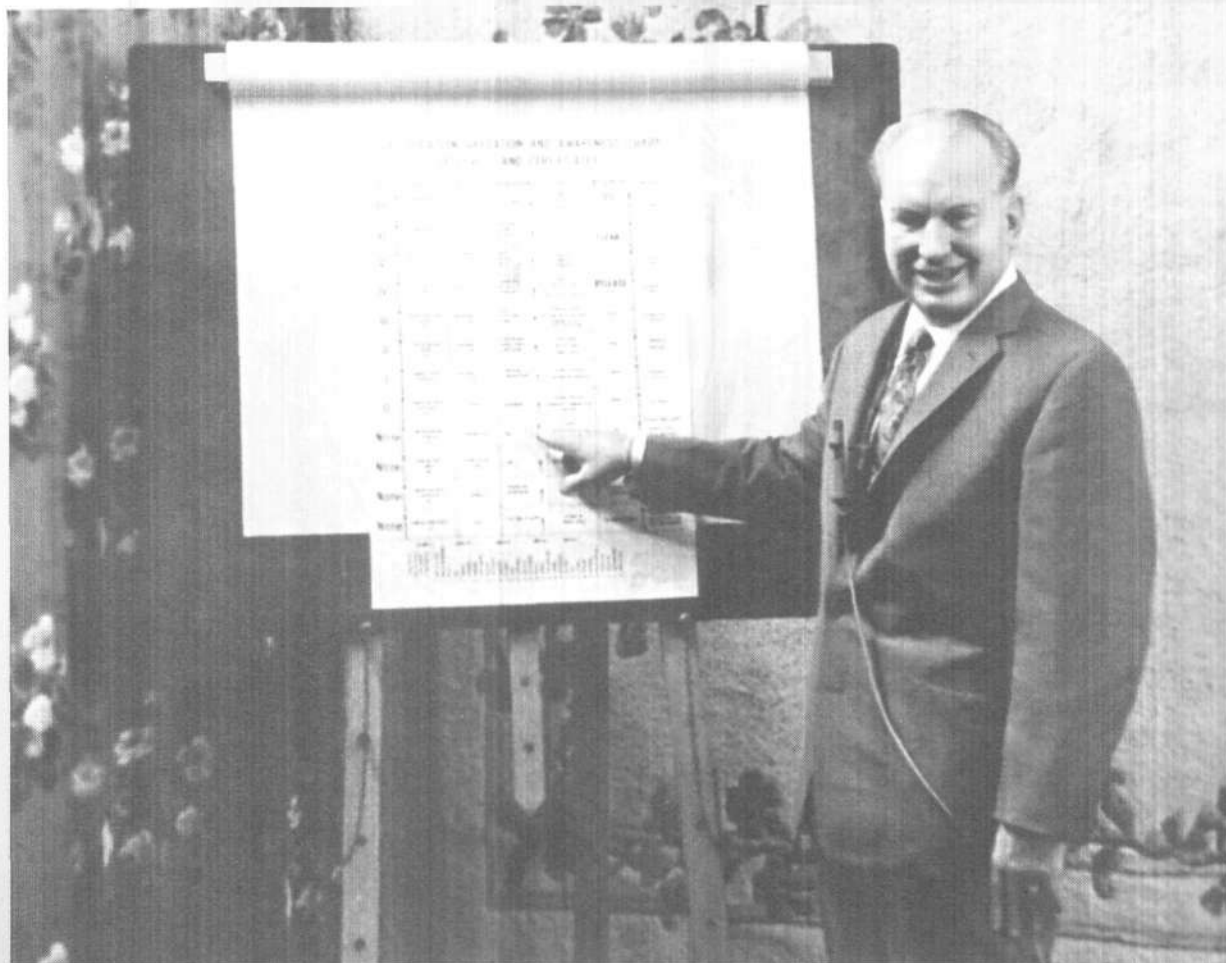

**THE SAINT HILL SPECIAL  
BRIEFING COURSE AT ASHO**

**THE KEY STEP  
TO FULLY  
TRAINED OT**

# RELATIONSHIP OF TRAINING TO OT

*from a Saint Hill Special Briefing Course lecture given on 7 November 1963*

**I**f you don't give good auditing, why, you actually don't tend to receive good auditing. It isn't for the reason of the overt-motivator sequence, it's just the people who will co-audit with you. I mean, there's one point, you see? You can always get worse auditing than you give, to some slight degree, so if your auditing is pretty poor, and the auditing you're going to get is worse than your auditing, think what happens. And that gets to be a grim scene, doesn't it? In fact, I can almost guarantee it. You'll always get slightly poorer auditing, ordinarily - you can view it safely from this viewpoint - than you yourself give. Therefore, if you're a real whiz-bang, your auditing you get won't be so bad.

Now, the training levels and so forth, then, and training, is *definitely, definitely, definitely* a part of the route to OT. *Definitely.* Degrees, levels, training. This is something that it's not *nice* to be a part of, this is something that is a *vital* part of becoming OT And I would say that we have gone up to a new plateau here.

**“Training is definitely,  
definitely, definitely a  
part of the route to OT.  
Definitely.” LRH**

Now, the best reason for that is, is there are several people rolling up the line right here at this moment, going right straight to OT. And there isn't any quiver on that line. In other words, we are on our way, definitely. And it's from this factual data that one can view this other with aplomb. Our interest in the state of Clear is so microscopic as to be a yawn; it's of no importance at all. The state makes somebody more comfortable - so what? You can make a sick man more comfortable by putting a pillow under his head, see?

You can make a marriage run better and a kid be happier, and you can make life tenable and so forth. But actually you have to know to audit well in that direction just to make life tenable enough for you to be able to go on through to OT. That's a necessary zone, too. Actually a non-Scientologist is so surrounded by confusion that their present time is insufficiently calm for them to have any progress in the direction of OT.

These are other preselections and so forth. Many are called, few are chosen. There are many reasons why this track and path is a limited track and path. Now, it isn't going to say that eventually everybody won't make OT. But certainly, certainly and definitely and positively, it'll be a very, very long route for others, and you'll still be getting around to some hundreds of years, thousands of years from now.

There'll be somebody picking it up, saying, "Well, let's see, what's this thing called tone arm action?"

Now, when you look up the line on that and get a real view of the situation, you realize where you are and where you sit. You're right up in the front seat of the first breakthrough that's ever been made in this universe on the subject of the road out, the way through - that sort of thing. You're right there. You're fortunate to have moved up into the situation that you're in. And the only thing I can ask you and point out to you is that you're in a position where you shouldn't waste any of the potential which you have immediately at your fingertips. You shouldn't waste any part of that. The only thing I ask you to do is to make the most of what you've got.

L. Ron Hubbard  
Founder

**Gaining a full grasp of the technology of life itself is the only way to become fully cause over your life. And as being at cause is what being OT is all about, it is vital that you be trained in order to be OT**

**Start your training route at your nearest Church of Scientology right now. Then continue on and arrive at ASHO for the Saint Hill Special Briefing Course. Here is where you gain the ultimate knowledge of life and the universe - training that is your guarantee of achieving full OT.**

# TRAIN AT THE 21 ST CENTURY TRAINING ORGANIZATION FOR THE AMERICAS

ASHO is the 21st century training organization of the Americas. And while we have one of the most beautiful organizations on the planet, these facilities were created for just one purpose: Delivering the only technology in this universe that will set man free. Every course room, every student auditing space, every technical and administrative feature in this impressive training complex reflects precisely what LRH postulated as THG university of true knowledge.

The day you have been eagerly awaiting: Your arrival at The American Saint Hill Organization in Los Angeles! The moment you walk into the beautiful ASHO reception you'll know you're in the home of training for the Americas.

A warm welcome from a friendly ASHO Registrar makes you feel right at home. Having completed your registration papers by mail in advance, you are speedily on your way to starting Ron's Saint Hill Special Briefing Course.

Close to the lobby is the magnificent LRH office, embodying the technology that forms the core of ASHO.

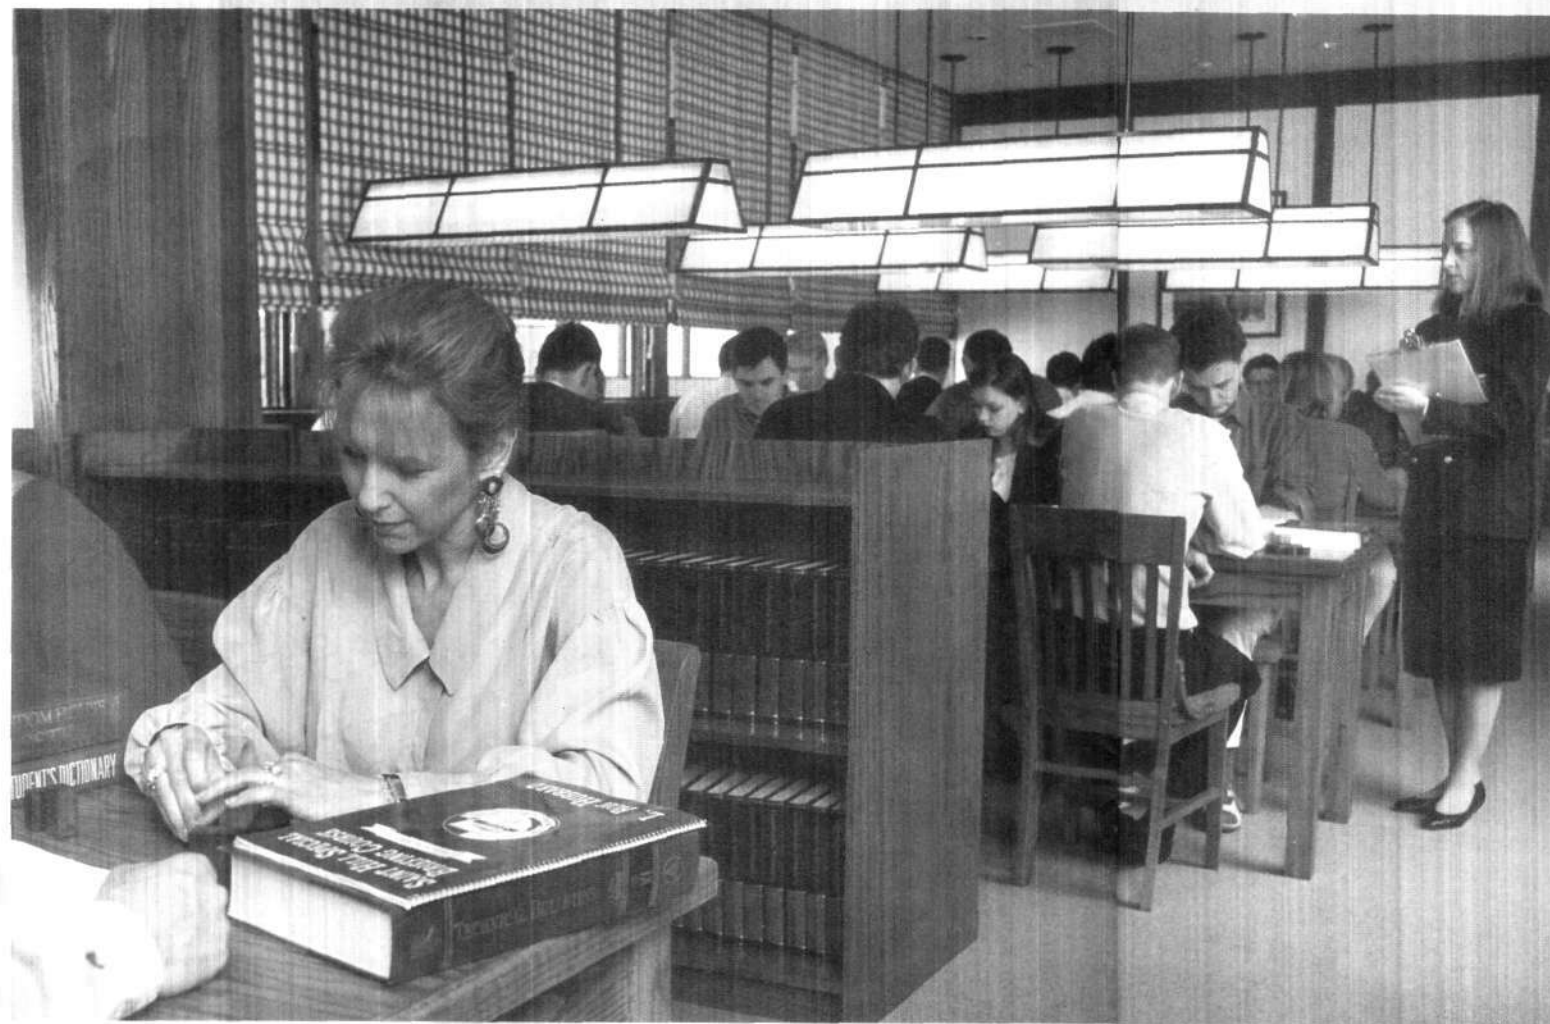

## THE SAINT HILL SPECIAL BRIEFING COURSE AT ASHO

The Saint Hill Special Briefing Course brings you to a superlative level of technical skill and competence. This is the most comprehensive single auditor training service in Scientology. It contains the largest, broadest body of information on the subject of human behavior, the mind, life and spirituality that has ever been available. The Saint Hill Special Briefing Course is the most important training level for any Scientologist, and is the key to fully trained OT. And ASHO is the home of the Briefing Course for the Americas.

100% standard supervision by our Golden Age of Tech trained Supervisor and Word Clearer teams will ensure you duplicate every ounce of LRH's priceless data. Tough supervision and expert word clearing are the hallmarks of the Briefing Course.

The Briefing Course lectures are the heart of the course, for here is where Ron briefs you on each of his discoveries, as he made them.

You'll sharpen your perception abilities using the G-Meter Perception Drill Projector, a special training device developed in accordance with LRH's instructions in the 5HSBC lecture, "Meter Training."

Another vital factor to learning every part of the technology are LRH's Technical Training Films, visual representations of 100% Standard Technology. These films were written by L. Ron Hubbard and some were also produced, directed or narrated by him. And on the Briefing Course, you see every single one of these films. Moreover with Golden Age of Tech drills for each film, you'll drill in the skills LRH shows you until you have them perfectly.

"...this is the place you've been coming to, the last few trillion-trillion years. That's right - been heading down the track, right for the Saint Hill Special Briefing Course/ LRH

# DO THE ULTIMATE TRAINING:

## THE SAINT HILL SPECIAL BRIEFING COURSE AND THE GOLDEN AGE OF TECH

With the Golden Age of Tech breakthroughs - the Standard Tech Drills, Drills Simulator and Mark Super VII Quantum G-Meter - the best course in Scientology has become the ultimate in training. For once you have learned the full scope of the technology of Dianetics and Scientology, you drill all of it so that you know it like you know your own name. These drills are like nothing you have ever done before. They are revolutionary: a series of complete, pre-packaged drills which are totally scripted from beginning to end. They tell you precisely what to do, based on the exact LRH references, for every step of every auditing procedure. It is as close as you can get to LRH himself coaching you on an auditing skill. And when you've completed a drill, you and your twin will have it perfectly. Not so you "feel good about it" - so you have it completely and utterly stone-cold perfect, from beginning to end. The Golden Age of Tech Drills follow an exact gradient of difficulty which, when fully and honestly done, result in flawless application of auditing procedure and uniformly miraculous results - both in yourself and in your preclears. Moreover, you become a totally certain and supremely skilled Scientologist with the knowledge to make it all the way to full OT.

On the next gradient, Standard Tech Procedure Drills, you will locate and handle any points of uncertainty on your technical application simply by answering the questions of the drill. Here you drill in the standard tech response to anything that could come up in a session.

Then come Session Drills, which put it all together - session admin, TRs, metering, the commands, and the correct actions at each step of the session. After a period of drilling, you will have that procedure down - TRs in, metering perfect, admin totally standard, and flawless commands.

**"The Saint Hill Special Briefing Course exists to train superlative auditors. This is its whole purpose."**  
**LRH**

The Golden Age of Tech permeates the Saint Hill Special Briefing Course. The drills mean total certainty of the tech. And for each auditing skill, you'll do a precise gradient of drills. The first gradient is the Patter Drill, which teaches you the commands perfectly. Drilling over and over again, you will learn your patter to a point where you never, ever have to think about the commands. They become yours.

And on the Final Session Drill - as close to a real auditing session as you can get without taking an actual preclear in session - your certainty will build to the point where you have no doubt you can take anyone in session and run that process to total perfection.

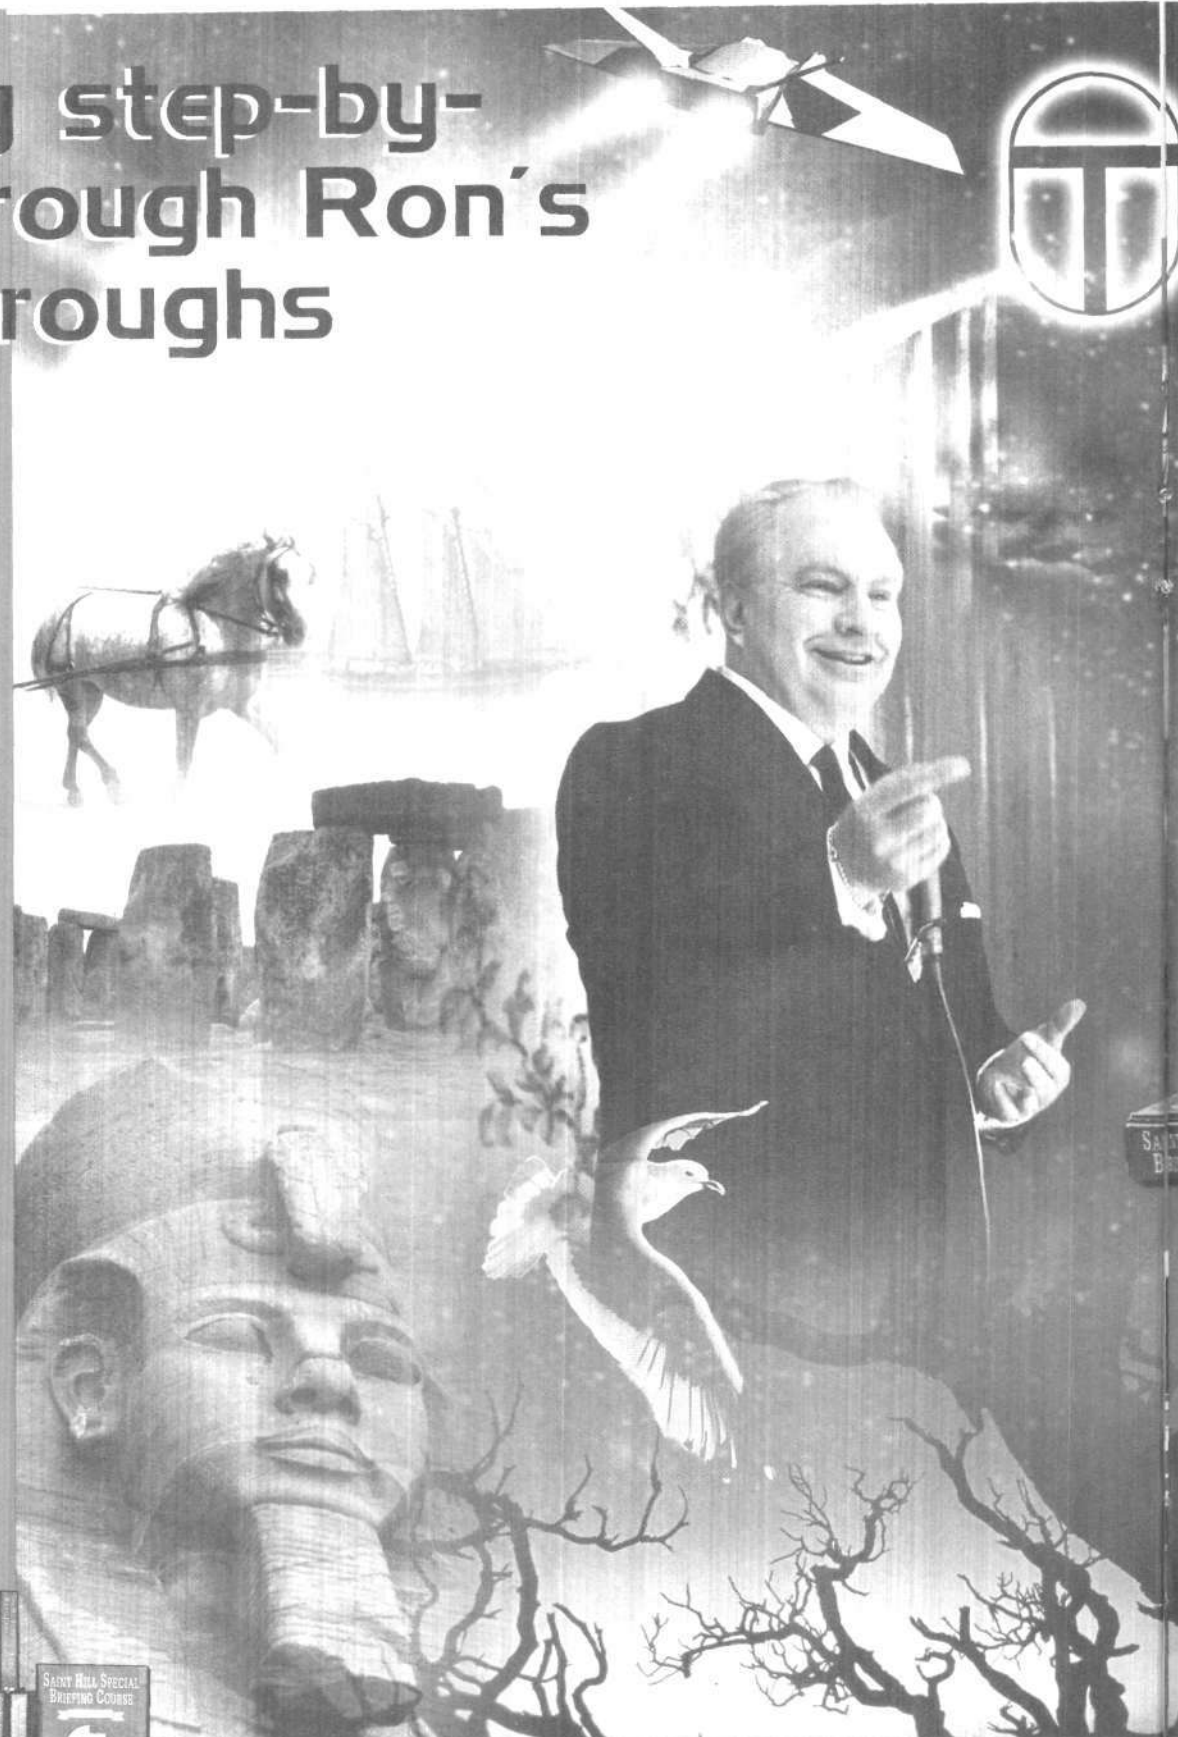

# Journey step-by-step through Ron's breakthroughs

## The Saint Hill Special Briefing Course Lectures

In 1961, L. Ron Hubbard called the top auditors of the day to his home, Saint Hill Manor in the south of England, for a special training course. Over the next five years, he personally supervised the Saint Hill Special Briefing Course, releasing his discoveries and breakthroughs as they occurred, in a series of 437 lectures.

This is the most comprehensive series of lectures ever delivered in the philosophy and practice of Dianetics and Scientology. LRH continued his research into the mind and life during this period, including his upper-level research into the capabilities of man as a spiritual being, culminating in the development of the Classification and Gradation Chart, mapping the route to Clear. These lectures are a running record of that research.

Listening to them is an unparalleled adventure of discovery into the true nature of man and his ultimate potentials. Contained herein are the answers, how he came to discover them and why they are the answers.

IN THE VERY FIRST SHSBC LECTURE, YOU'LL KNOW WHAT MAN HAS BEEN SEARCHING FOR DOWN THE AGES- IMAGINE WHAT YOU'LL KNOW AFTER 436 MORE...

L. Ron Hubbard covered *every* aspect of Scientology on the 437 Saint Hill Special Briefing Course Lectures. He gave detailed explanations on all his breakthroughs, right as he made them and refined them. This is knowledge about life and the mind never released in any other form - knowledge you can use right now, and in all the ages to come.

These lectures have been carefully reproduced in CLEARSOUND state-of-the-art sound technology, so

you feel like you're right in the front row of the lecture room with LRH.

If you know the tech, it will protect you. If you think you're going to have to remember what to do later on the time track, you won't make it. You'd just better *know*. After you have listened to the SHSBC lectures, you *will* know. And you will know for your eternity.

The day you attest to Clear is an exciting one! You can then continue to co-audit your OT Preparations and prepare you for your journey up the OT levels.

Anyone who does not go Clear on NED takes the alternate route to Clear, starting with Power Processing delivered only at ASHO by our highly-trained Class VII Auditors. The ASHO HGC also delivers all HGC services including the powerful False Purpose Rundown.
