

## WORD WAR HOTTER

### Slavs Charge Russ Citizens Used As Spies

LONDON (U) — The white hot war of words between Yugoslavia and Russia grew more intense today as Marshal Tito's supporters hurled defiant countercharges at the Soviets.

In answer to a Russian threat to protect Russian citizens in Yugoslavia, the Yugoslav Communist organ Borba accused the Soviet of using these citizens as spies.

"INSULT"  
Borba, mouthpiece of Tito's government, said the Russian note

was full of "vile language, insults and threats" and was delivered in an insulting fashion. The Russian protest was delivered to a doorman at the Yugoslav Foreign Ministry at 5 a.m.

Yugoslavia also replied Sunday to a Soviet note of Aug. 11 which said Yugoslavia was an enemy of the Soviet Union.

The Yugoslav reply to her erstwhile Cominform mentor accused Russia of a double-cross in dropping her support of Yugoslav claims for Austrian territory.

The feud between the Russians and Tito dates back to June, 1948, when the Yugoslav Reds were thrown out of the Cominform for deviation from Moscow-type Marxism. The Yugoslavs were charged with anti-Soviet nationalism.

The split has widened perceptibly since Tito, subjected to an economic boycott by the Cominform nations, has made overtures to the West for money and supplies.

**SOVIET CHARGES**  
Saturday's Russian note on claimed mistreatment of Soviet citizens in Yugoslavia said the Soviet citizens had been subjected to "unlawful arrests and beatings" because they were friendly to the U. S. S. R. Russia threatened to "bring to account" persecutors of Soviet citizens.

Borba said persons who honor Yugoslav laws are living in the country undisturbed.

LONDON (U) — British newspapers said today the new Russian note to Marshal Tito sounds like the worst threat of war since 1939.

### Finland Strike Front Cracking

HELSINKI, Finland (U) — The Communist strike offensive against the Finnish government lost momentum again today as workers apparently remained deaf to Red pleas for further walkouts.

Although the Transport Workers Union called a strike for this morning, traffic was normal.

The Communist timetable had called for more than 100,000 of Finland's 300,000 unionized workers to be on strike today in what the government charged was an attempt to prepare for a Communist coup.

The government has not yet been able to compile an official report of the number who actually have left work, but employer estimates gave the total of 27,000.

Wood workers also scheduled a walkout for today but the effectiveness of that strike was not known immediately.

The strike threat generally appeared to have been overcome by the combined firm efforts of the Social Democratic (Socialist) government of Premier Karl A. Fagerholm and the loyal Central Trade Union Federation.

Strikers in many industries were reported streaming back to work. These included bakers, brewery workers, dock workers, lumbermen and log floaters.

BY THE ASSOCIATED PRESS

Many people are paying rent increases averaging around 20 per cent in areas recently decontrolled by the government.

But a common trend in what happened to rents after ceilings were abandoned is hard to find. Rent hikes ranged from a rare extreme of 300 per cent down to no increase at all, a survey reveals.

In some places there were more vacancies after decontrol — in others housing remained just as tight as ever.

### United Nations To Cost \$44,314,398

LAKE SUCCESS, N. Y. — It will cost \$44,314,398 to run the United Nations in 1950, Secretary-General Trygve Lie estimated last night. This general budget is \$605,295 greater than that of 1949.

### The Weather

**Little Change**  
EAST TEXAS: Generally fair this afternoon, tonight and Tuesday; not much change in temperature. Moderate mostly northeast winds on the coast.

**Generally Fair**  
LOUISIANA: Fair this afternoon, tonight and Tuesday. Gentle to moderate northerly winds on the coast.

**Marshall Temperatures**  
Temperatures at Marshall, a n d comparison with year ago, as recorded by the U. S. Weather Bureau:

	1949	1948
High yesterday	88	103
Low yesterday	59	72
5:30 a. m. today	72	83
1:30 p. m. today	83	93
Sunset today	6:45	6:45
Sunrise tomorrow	5:45	5:45

**SIX MORE MONTHS TOGETHER**—A Detroit millionaire has come to the aid of Ernest Gillum, 34, doomed cancer victim who has been given 4 to 6 months to live. Gillum had announced he was looking for a job to free him from financial worry for his last few months. His savings have run out, and, even though he is eligible to go to a veterans hospital, he had rather spend his remaining days with friends and his wife, Lee, shown with him in Detroit, Mich. Gillum was a Navy aerial photographer during the war. (AP Wirephoto)

### Millionaire Comes To Aid of Stricken Vet

DETROIT (U) — The world did not pass Navy veteran Ernest Gillum in his time of trouble.

He asked for a job—any sort of a job that a man desperately ill with cancer could do in the six months he had left to live.

Today, he has found his "Good Samaritan," who may be able to give more than temporary work.

A millionaire Detroit philanthropist, who asked that his name be kept secret, read newspaper stories of Gillum's plight. Then, reported the 34-year-old

photographer and millionaire came to him and said: "I'm going to give you a job—a good one. But first, I'm going to get you cured."

The Samaritan told him, Gillum said, that he knew of a doctor who had effected remarkable cancer cures in Europe and the United States. So Gillum is going to go to the doctor this week to start a series of treatments.

Now, Gillum says, "I'm going to take a permanent job. Not the temporary one I was looking for."

BY THE ASSOCIATED PRESS

elision was made around December 1946 or January 1947.

"I believed," Spaatz said in a prepared statement, "that the results to be obtained from possession of an inter-continental bomber were so enormous as to justify going ahead and taking the chance of failure, just as was done in developing the atomic bomb which this plane is designed to deliver."

Even after rehabilitation of western Europe's political, economic and military strength, Spaatz said, the B-36 and the atomic bomb "will still be most potent instruments for maintaining a balance of power for pe ce."

No outside influence affected his decision, he said.

In terms of wars of the past, he said, Russia could subdue "practically all of Europe and Asia in a relatively short period of time" but the B-36 and the bomb maintain "a balance of power for peace."

The general was called before the House Armed Services Committee in its inquiry into whether political influence of favoritism figured in developing the big, six-engined B-36.

Spaatz said that when he commanded the Air Forces he made a decision to continue a contract for 100 B-36's let in 1943. His decision was made around December 1946 or January 1947.

"I think one of the greatest disservices to the country has been given by these anonymous charges against the B-36 which have resulted in dragging out into open view these figures on performance that should be lightly secret."

Spaatz said that "absolutely" he still stands by his decision that the B-36 is the best ship to carry the atom load.

MCALLEN (U) — Eideloro Gerera, McAllen attorney, said today he is going to Mexico City and Chile to check old court records of land gran's in an effort to help Texas in its tidelands fight with the federal government.

The grants were by King Phillip II of Spain in the 16th Century in what is now Texas.

Guerra said Attorney General Price Daniel was sending him on the trip.

The federal government claims ownership of a water oil lands off the coast of Texas. Two conflicting bills that would specify the right of each side now are before a House judiciary sub-committee.

**Stocks Lower**  
NEW YORK (U) — The stock market settled a little lower today under only light selling pressure. The down trend—never very pronounced—was a continuation of Friday's drop, when the market backed away from the high point of a summer rally which was touched on Thursday.

## Truman Asserts Full Arms Aid Essential

### President Tells VFW Plan Part of Price for Peace

MIAMI, Fla. (U) — President Truman pleaded today for fast approval of the full \$1,450,000,000 arms aid program as "part of the price of peace."

He indirectly told critics of the plan in Congress — without calling any names — the peace with freedom and justice "can not be bought cheaply" in a world made uneasy by "Soviet pressure."

And he described the goal as prevention of aggression.

"We are not arming ourselves and our friends to start a fight with anybody," the President said. "We are building our defenses so that we won't have to fight."

**GOLDEN JUBILEE**  
He spoke before the golden jubilee convention of the Veterans of Foreign Wars after an 822-mile flight here from Washington. He left again for Washington at 12:32 o'clock.

The President blamed Russian tactics in the United Nations and elsewhere for the need to arm friendly nations "to resist aggression."

Russia, the President declared, "has blocked every effort to establish an effective international police force and to free the world from fear of aggression."

"For that reason," he went on, "we have to join other friendly nations in forming regional defense pacts."

Efforts of Senate leaders to restore the \$580,435,000 the House slashed last week from the \$1,450,000 set aside for western Europe in the arms proposal were underway in Washington. They faced opposition from a determined economy bloc and others who urged against voting the full sum until they are satisfied the nations to be helped will work together.

**'FALSE' CLAIM**  
The President condemned communism for its "false" claim that it satisfies "the universal desire for a better life."

Instead, he said, it "lures men by false promises back to tyranny and slavery."

The President made no reference to the plight of Communist-controlled China. A new American policy concerning that country is in course of study at the State Department.

But, he said, the Philippines and Korea, the two young republics in the Far East, "need military assistance if they are to maintain their national security."

While most of the aid sought in the arms program would go to the Atlantic Treaty countries, he said the Philippines and Korea will share like others "whose security is important to world peace."

"We must continue our aid to Greece and Turkey," Mr. Truman said. "We should help Iran maintain its firm stand against Soviet pressure."

**COST OF PEACE**  
Mr. Truman said military aid is "part and parcel of the policy of helping European economic recovery. He conceded it was costly, but said "it represents an investment in security that will be

worth many times its cost." And he said it is "part of the cost of peace."

Unless the democracies stand together to weld a defense structure strong enough to prevent another conflict, he said, they can be taken over "one by one."

**MOVES SLOWLY**  
**First Storm  
Of Season  
Off Florida**

MIAMI, Fla. (U) — A small Atlantic hurricane—the first of the season—roared toward the Florida Coast today.

The weather bureau here said the hurricane, probably increasing in size and intensity, was centered at 4 a. m. about 440 miles east of Nassau.

Grady Norton, the weather bureau's chief storm forecaster here, said the hurricane was moving west-northwestward at a forward pace of 15 to 17 miles an hour, a slower pace than the 20-miles-of Sunday.

In an 10 a. m. advisory, Norton said the hurricane had increased slightly in size and intensity and probably would continue to increase.

Hurricane winds estimated at 90 miles an hour whirled around the center of the doughnut-shaped disturbance. They extended outward 30 to 40 miles from the center and gales extended 75 to 100 miles in the northern semi-circle.

Chief Storm Forecaster, Grady Norton warned it may increase in size and intensity.

If the hurricane continues its present course, Norton said, it will pass north of the Bahamas and Miami.

AUSTIN (U) — Attorney General Price Daniel today filed suit against Western Union Telegraph Co. and A. G. Coggins of Little Rock, Ark., in an attempt to halt flow of horse race information to bookies and gambling houses in Texas.

The suit, filed in 126th District Court, alleged that Coggins is doing business under the name of Texas Daily Sports News, with headquarters in Houston.

He has an exclusive agreement with Western Union, the suit charged, for transmission of racing information gathered from the tracks throughout the nation over its wires in Texas.

The state's petition asked for an injunction stopping Western Union from using its wires, lines, equipment and facilities "in transmitting, receiving and delivering horse racing information for or to A. G. Coggins, doing business as Texas Daily Sports News, or for or to any other person or persons within the State of Texas to be used for the purpose of betting or wagering money on horse racing."

Daniel alleged that as a result of the agreement between Western Union and Coggins, 10 separate racing news ticker machines were installed at Texas points, and that information received over these machines was being communicated direct from them to bookmakers and gambling houses by private telephone and loud speaker systems.

Daniel alleged that as a result of the agreement between Western Union and Coggins, 10 separate racing news ticker machines were installed at Texas points, and that information received over these machines was being communicated direct from them to bookmakers and gambling houses by private telephone and loud speaker systems.

NEW YORK (U) — New York gets its first natural gas from Texas and Louisiana today.

Mayor William O'Dwyer will open a valve at noon to start the gas flowing through the Big Inch and Little Inch pipe lines to a million cubic foot storage tank on Staten Island.

**Requests Extradition**  
AUSTIN (U) — Gov. Allan Shivers today signed a letter of transmittal to federal authorities requesting extradition from Mexico of George W. Ochoa.

Ochoa is charged with murder in a July 31 Laredo slaying and is wanted for questioning in another slaying on the same date there.

**Safety Check  
For Hospitals**  
NEW YORK (U) — The nation's hospitals will undergo rigid fire safety inspections beginning this fall.

The National Board of Fire Underwriters announced today that more than 950 fire insurance inspectors and engineers would take part in its hospital safety program.

**Lauder Gravely Ill**  
STRATHAVEN, Scotland (U) — Sir Harry Lauder, 79, the famed Scottish comedian, was reported critically ill today.

**Truck Jerked Into Air  
In Drawbridge Accident**  
HOUSTON (U) — The Seabrook-Kemah drawbridge over Clear Creek will be closed to boat traffic all today after a freak accident.

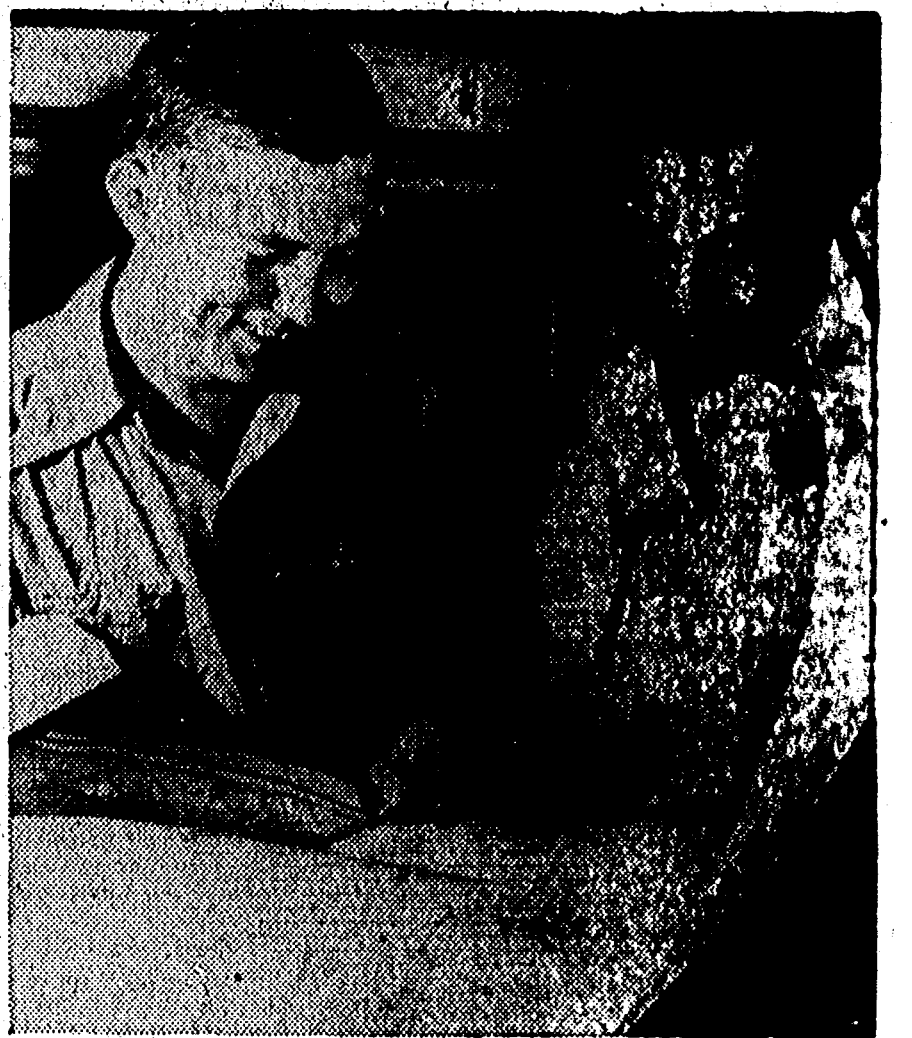

The drawbridge jerked a wrecker truck into the air, flipped several people into the creek's cold waters and held up traffic on Highway 148 about seven hours.

It all happened, according to Deputy Sheriff M. M. Brown, when a one and one-half inch cable broke as the bridge was raised early in the afternoon to let a boat go by.

The broken cable put the bridge in the full control of the counterweights, which held it up.

Wilbur Wetzel of La Porte brought his wrecker into position, anchored it and hooked it to the bridge, expecting to pull it down. Instead, it jerked him and his heavy-duty truck up when his anchor broke as the bridge was almost down.

A number of people, standing on the approach to the draw, were brushed into the water. Wetzel rode his truck up the whole way. Deputy Sheriff Jake Bussey of La Porte said at least 6,000 cars were detained away from the bridge.

**SUNKEN SHIP SPOTTED**—B. J. Kriger and Leo T. Behne, Jr., of Houston, have found an old ship buried in water and silt in Lake Miller, just off Trinity Bay in Chambers County. They plan to start unearthing the ship to determine if it is the treasure-laden ship that legend says that the pirate Jean Lafitte sank there. (AP Wirephoto)

## Five Percenter Probers To Check Secret Letter

WASHINGTON (U) — A secret letter beginning "Dear Pop" is shedding new light on the perfume company which paid for the freemasons.

Mundt said the youth who wrote the letter either will be called to testify at the Senate public hearings to be resumed Tuesday, or will be questioned privately.

Mundt declined to name the boy or his father.

The committee has been told that seven home freezers presented to Maj. Gen. Harry H. Vaughan and other Washington notables in 1945 were paid for by the Albert Verley Co., a Chicago perfume oil firm.

Vaughan is President Truman's military aide.

The committee also has received testimony that, likewise in 1945, John Maragon and a third Verley Co. agent got government clearance for a business trip to Paris in an Army plane. They arrived on the heels of liberating troops.

**Cool Front  
Brings Fall  
Touch Here**

A cool front moving southward over the week end brought Marshall a touch of autumn early Monday.

Temperatures here ranged from a high of 88 Sunday to a low of 59 last night, and stood at a crisp 72 at 8:30 o'clock this morning.

Sunday's high reading of 88 was the coolest high mark since a high of 81 last June 14.

Last night's low of 59 was the coolest minimum reading since last May 11 and 12, when for two consecutive nights it got down to 55.

At last reports the cool front was holding its own somewhere south of Corpus Christi.

Forecasts for early Monday called for generally fair weather for East Texas today and Tuesday, except for a few possible showers on the coast, with little change in temperature.

**Compromise Farm  
Bill Given Full  
Brannan Support**

WASHINGTON (U) — Secretary of Agriculture Brannan gave qualified support today to a compromise farm price-support program worked out for next year by Sen. Anderson (D-NM).

Brannan told the Senate Agriculture Committee that the Anderson compromise would provide somewhat higher government price support levels than a flexible price plan voted by Congress last year.

Actual operations of the plan voted in 1948 will not begin until next year.

**Work Starts On  
Fair Grounds**  
Renovation of the grounds for next month's annual Central East Texas Fair and Livestock Exposition got under way this morning.

Working under the supervision of T. M. Duncan, superintendent of grounds, a crew started clipping weeds, filling up holes, smoothing walks and in general getting the grounds in shape for the record or near-record crowds which are expected.

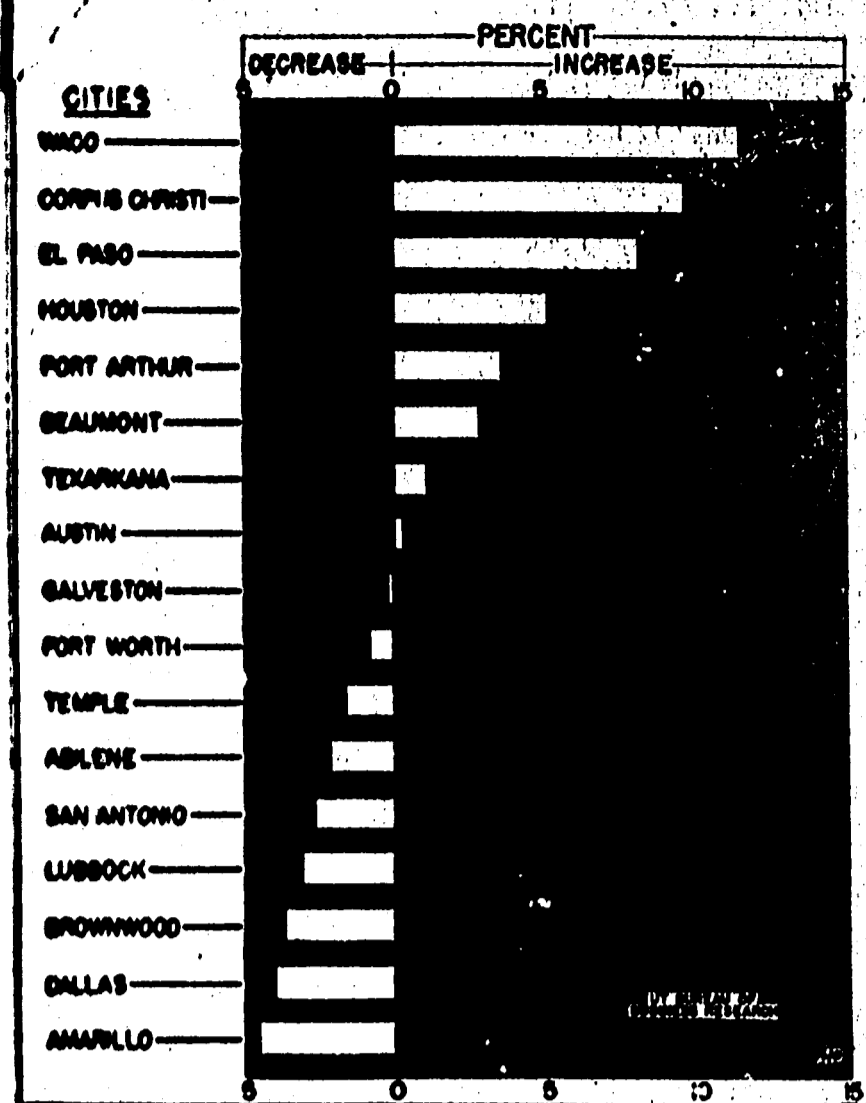

The livestock barns, in which the best cattle show of recent years is anticipated to be held, also will get a going over.

This year's fair, for which the new Bill Humes Show will provide the midway attractions, is set for Sept. 19-24.

## RETAIL SALES IN TEXAS CITIES

January-July 1949 Compared With January-July 1948

**TEXAS RETAIL SALES**—Retail sales in Texas for the first six months of 1949, compared with the first six months of 1948, varied considerably according to city. This chart compiled by the University of Texas Bureau of Business Research shows Waco had the greatest increase, 12 percent. (AP Wirephoto)

## College Class Advised To Follow Will of God

By BOB BURNS

"Let no man despise thy youth; but be thou an example. Live your life in such a way that no man can think slightly of you because of your youth."

That was the message that the Rev. T. R. Morris, pastor of the Memorial Baptist church, gave to

East Texas Baptist College graduating seniors at the fourth annual summer baccalaureate service Sunday.

In a talk interspersed with poetry, the Rev. Morris advised seniors that they could best be an example by following the will of God, having faith in God, and by being willing to serve God. He said that they should leave selfishness, hatred and sin out of their lives.

He also advised the 56 men and women in black robes and mortar boards to link their lives with Christ.

"If your life is linked with Christ, all is well. Nothing can be basically wrong," he said.

Rev. Morris reminded his audience of the accomplishments of many great men, in their youth. Edgar Allan Poe wrote "The Raven" when he was 24; Henry Wadsworth Longfellow was writing poetry at 13 and was a recognized poet at 19; John Keats, the English poet, died at the age of 25, but his work still lives today; William Shakespeare wrote his first poem when he was 13.

In other fields, George Washington was an excellent military strategist when he was 21 and Alexander the Great conquered the world when he was 28.

The speaker was introduced by President H. D. Bruce. He said that Rev. Morris has been a strong force in the building of a great institution, East Texas Baptist College. He added that he had been a faithful and progressive member of the board of trustees for a long time and had never missed a meeting. He said that Rev. Morris was "loved by more preachers than all other preachers in East Texas."

Invocation for the service was given by R. L. Speight. The Scripture Reading was by the Rev. C. E. Roark and a prayer by Dr. G. A. Brooks. A solo, "Teach Me To Pray" was presented by Dexter L. Riddle, director of music. The benediction was given by Frank Stinson. Mrs. Christine Yandell was pianist.

Services were held in Scarborough Memorial Chapel. Graduation exercises are scheduled Wednesday morning at 9 o'clock in Scarborough Chapel.

## New Polio Cases Take Sharp Rise

By THE ASSOCIATED PRESS

The number of new cases of infantile paralysis took a sharp upward turn last week, boosting the nation's total of victims for the month to more than 8,000.

It brought the total for the year to 15,500, compared with only 8,430 cases reported by the National Office of Vital Statistics through Aug. 13 of 1948, a near record year. Last year's 27,680 total was exceeded only by the 30,000 in the 1916 record year.

**EPIDEMIC STAGE**

In an Associated Press survey, North Dakota reported the disease at an epidemic stage there last week and said the state urgently needed more nurses.

A few more heavily populated states, including Pennsylvania, Illinois and Wisconsin, do not expect to reach the peak of new cases until next month, while four states—perhaps five—already have more than 1,000.

Some southern states, where onset of the disease usually starts earlier, have had a gradual decline, while Maine and Minnesota held about steady, and Arizona showed an increase.

Nevada with only 18 cases this year, again is having a light season, but health officials there reminded that most of the state's 22 cases last year occurred during the fall and winter months.

**AUGUST WORST MONTH**

The sharp rise in new victims added 5,000 to the August total during the second nine-day period of the month. There were 3,100 new cases in the first nine days. August normally is the worst month of the year.

The survey showed that some large cities, notably Boston and New York, have been hard hit, while Philadelphia and Chicago were more fortunate than areas in other parts of Pennsylvania and Illinois. Generally smaller communities and rural areas appeared to be faring best.

## Rites Today For Cadenhead Infant

Funeral services were to be held this afternoon at Wilson, N. C., for the infant son of Mr. and Mrs. J. R. Cadenhead, former residents of Marshall. Rites were to be held at the family residence.

Mrs. Cadenhead is the former Miss Sammie Lindsay, daughter of Mrs. Sam Lindsay, and Mr. Cadenhead is the son of Mrs. H. C. Cadenhead, Route 6.

What is believed to have been the earliest surviving piece of glass was produced about 5,000 years ago.

**"Teen-age" facial blotches**

**BOB HOPE, OIL MAN**—Comedian Bob Hope anxiously bites his tongue as he waits for pressure on an oil well near Snyder—in which he holds part interest—to build up enough so he can turn the valve. W. A. Moncrief, Sr., of Fort Worth, who shares title to the well with Hope and Bing Crosby, has his finger on the pressure gauge. Told the well is a producer, Hope said "California can have its orange juice." Others in the picture are not identified. (AP Wirephoto)

## 21 Cohen Recordings Held by Prosecutor

LOS ANGELES (AP)—District Attorney William E. Simpson today announced existence of 21 new recordings of conversational picked up by hidden microphone in the Brentwood home of gambling boss Mickey Cohen.

Earlier, Simpson had announced that the 19 original records of Cohen conversations, transcripts of which were made public recently, were "duds" and worthless as evidence.

Simpson said his chief investigator, H. Leo Stanley, told him the only intelligible conversation was one in which Neddie Herbert, Cohen henchman, was heard talking to someone about guns for a man in Chicago. Herbert was fatally wounded when Cohen's party was ambushed July 20 by rival gangsters.

Of the new recordings, the district attorney said "we don't know what is on them yet, but we hope they will shed some light on Cohen's activities."

Lt. Rudy Wellpott, ex-vice squad officer who directed installation of the hidden mikes, said that Cohen was "bug" conscious and had uncovered three prior dictaphone plantings in several of his hangouts before the police listening post was established in April, 1947.

## Money Gets Spilled

FORT WORTH — Plenty of money was involved in a car-truck crash at an intersection here. The truck was an armored money vehicle. Guards transferred sacks of money from the damaged vehicle to another truck and continued their trip.

## YEARS WORK IN HOURS

## Math Made Easy By Sicientists' Machine

PHILADELPHIA (AP)—The long dreamed of day of the thinking machine may be nearer than you imagine.

Scientists have invented an electrical monster that can perform any mathematical exercise and can memorize more than 500 numbers.

This giant brain is known as the Binaoc. It is the second electronic brain created by J. Presper Eckert, Jr., 30, and John W. Mauchly, 42, former University of Pennsylvania physicists.

Eckert and Mauchly put the Binaoc through a test run Sunday in which it did 500,000 additions and 200,000 multiplications in two hours.

A man working with an adding machine would have taken years to do the same computing.

Binaoc's predecessor was known as the Eniac. It performed very much like Binaoc, but it is 30 times bigger and can't operate as fast. Eniac weighs 30 tons, Binaoc less than one.

Eckert and Mauchly now are at work on their third automatic computer. That one will be called the Univac and it will be far superior to either of the others.

Univac will be able to do almost anything. The first two Univacs produced will play each other a game of chess. Eckert said they may even be able to write music.

Eniac and Binaoc use what is known as the binary numbering system. It is a highly complicated system in which only two digits—zero and one—represent all numbers and combinations in the decimal system we all use in everyday living.

But Univac will go them one better. Univac will use decimal numbers and also letters, small and capital.

Univac will go to work next year recording the 1950 census data. Prudential Life Insurance Co. will get one of the first Univacs to compile its records.

Cost of Univac hasn't been determined yet. Eniac cost \$500,000 and Binaoc, which was built for Northrop Aircraft, Inc., of Hawthorne, Calif., was sold for \$250,000.

Binaoc will tell Northrop all it wants to know about test phases of new planes and guided missiles. In time it might do away with the danger of test runs.

## Workshop Opens At High School

Marshall school teachers jumped the starting bell and beat their students to the classroom this morning, two weeks early.

The occasion is the annual summer workshop, a development in which the Marshall school system joined in pioneering with the extension department of several state colleges and universities.

This year's two-week in-service training session is sponsored by the University of Texas, and is devoted to "A Study of Child Development."

School officials have reported that many cities throughout Texas and in parts of Louisiana are conducting workshops this summer. Four members of the UT faculty will conduct the training sessions here: Miss Bill Holdsworth, Miss Catherine Stripling, Ralph Duke and A. C. Murphy.

Seventy-two Marshall teachers submitted registrations in advance of today's first session, and later registrants were expected to hike this number, probably to 80 or more.

The sessions begin at 8 o'clock and continue until noon.

## Boy Has Private Graduation Exercise

WEST PALM BEACH, Fla., (AP)—Lewis Sterrett, 14, had a graduation exercise all his own.

Crippled since he was 7 and confined to a wheel chair, Lewis completed grammar school with the aid of a home teacher. His marks were good.

When graduation day came, Howell Watkins, school superintendent, went to the lad's home at Boynton Beach to present the diploma. The Rev. D. M. Obenshain gave the commencement address. And Miss Sharon Beals played a violin solo.

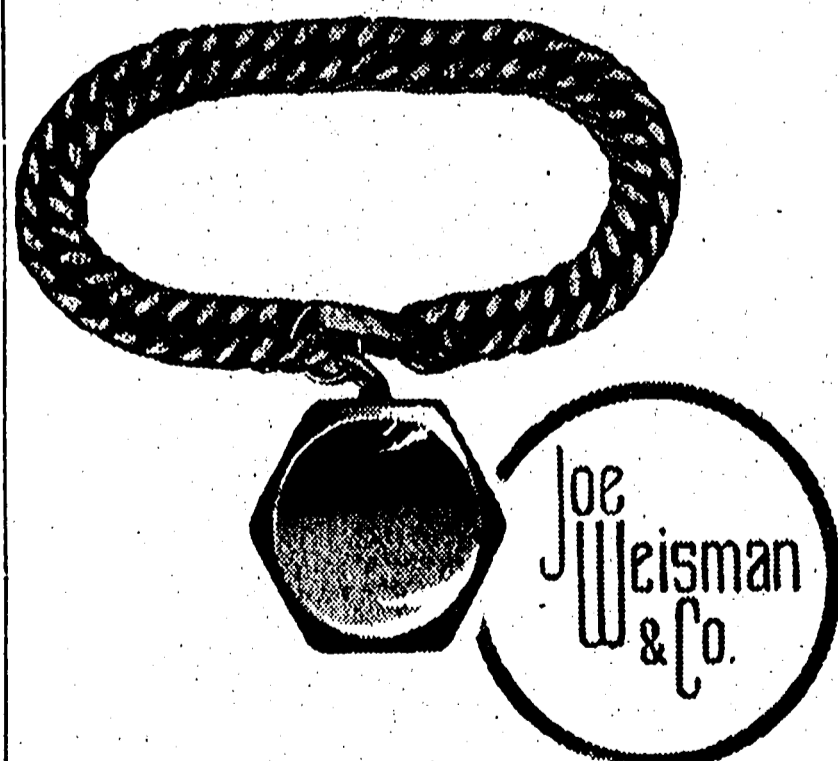

## Tour Called Off

WEYMOUTH, Mass. — A few hours after Col. Sari Richard of the U. S. Army bought a 1949 automobile for a tour of the nation, his parked car slipped its brakes, rolled down a hill, plunged over a 25-foot embankment and was wrecked.

### 3 IN ROW OVER OILERS

# Browns Tackle Kilgore In Double Bill Tonight

By TOWNSEND MILLER

The Marshall Browns come winging back home for a doubleheader with the Kilgore Oilers here tonight at 8:30 o'clock after whipping the Henderson Oilers 4-1 Sunday.

It was the Browns' seventh victory in their last nine starts and gave them a sweep of the three-game Henderson series.

Manager Walt DeFreitas plans to start his two aces, Righthander Mike Blyzka and Southpaw Jim (Three Pitch) Upchurch, as the determined Browns renew efforts to move into a playoff spot.

Marshall remains three and one-half games back of fourth place Paris. The Panthers won Sunday, too, trouncing Bryan 2-1. They meet Tyler at Tyler tonight.

**TWO HOME RUNS**

Don Pope slammed two home runs out of the Henderson park Sunday to share Browns batting honors with Steve Kovach, who had three singles.

Bill David scattered nine Henderson hits in good style to notch his tenth win of the year against six losses.

The Browns played errorless ball and turned in three double plays to stop potential Oiler rallies.

David executed two successful sacrifice bunts, singled once, and drove in one of the Browns' runs to aid his own cause.

The Browns scored the first run in the second inning and were never in serious danger.

**SUCCESSIVE SINGLES**

Cowboy Jones walked, but was forced at second when Hank Kane got on with a fielder's choice. With two out, Bud Thomas singled, and Kovach followed with another single that scored Kane.

Pope led off in the fourth inning with a home run over the right field wall to send the Browns in front 2-0.

Marshall scored again in the seventh when Thomas led off with a double, went to third on Kovach's

fly ball, and came home on David's sacrifice bunt.

Pope homered again to lead off in the eighth for the Browns' final marker.

Henderson's only tally came in the seventh when James Ashcraft doubled and Slick Davis drove him home with a single after two were out.

## Angry Phil Fans Cause Forfeit

PHILADELPHIA (AP)—The Philadelphia Phillies lost a National League baseball game to the New York Giants Sunday because their fans got mad at the umpire.

A 15-minute barrage of pop bottles, over-price fruit and wads of paper forced Umpire Al Barlick to give the Giants a 9-0 forfeit victory in the nightcap of a Shibe Park doubleheader. He said he did it "for the good of the people, baseball and the players."

It was the first major league forfeit since Sept. 27, 1942. That contest, too, involved the Giants. The New York Yankees were playing the Boston Braves when a horde of youngsters swarmed on the field.

The Phils had won the opener 4-0 to stretch their win streak to six straight. But the fans ended the string in the ninth inning of the second game. At the time the Giants were ahead 4-2.

The ire of the Phil rooters — 18,742 strong — was directed at Umpire George E. Barlick, umpire-in-chief since he was officiating behind the plate, merely called the forfeit. He acted under a National League rule which says a game may be declared forfeit if the field is not cleared within 15 minutes after start of a rubber.

Barr, umpiring at second, made the disputed decision. He called the hit "a foul ball" and the fans insisted was an out.

The Giants' Joe Lefata lashed a long fly which Outfielder Richie Ashburn claimed was caught eight inches from the ground. Barr said it was "no catch." The blow scored Willard Marshall for a third.

Ashburn slammed his glove to the ground. He stormed in at Barr. Other Phil players joined the argument.

Barr just turned his back — the decision stuck.

Then he popped bottles began to fly, together with jeering shouts of "kill the umpire."

Barlick told Phil Manager Eddie Sawyer to clear the field for resumption of play. But efforts to quiet the fans and halt the bottle barrage proved fruitless. So Barlick called the forfeit.

"I had to think of the safety of everyone," Barlick said. "And that meant fans who were sitting in the lower stands and were in danger of being struck by pop bottles, fruit and other missiles being thrown from the upper stands."

FROM 'JAWN'S ROCKING CHAIR'—Rocking John Whitehead, ex-Chicago White Sox star now pitching his third season for the Sherman-Denison Twins of the Big State League, warms up for his pitching chore as he sits in his rocking chair on the mound in the Sherman-Denison baseball park. Umpires Bill Brockwell (left) and Bill Tiemann (right) watch. The rocker was a gift from Sherman and Denison newspapers at "Jawn's Rocking Chair Night" in honor of the 40-year-old former major leaguer. After receiving the chair Whitehead defeated the Temple Eagles 5-1 for his 11th win of the season (AP Photo)

## Hard-Working Shultz Shoulders Army Load

By FRANK ECK

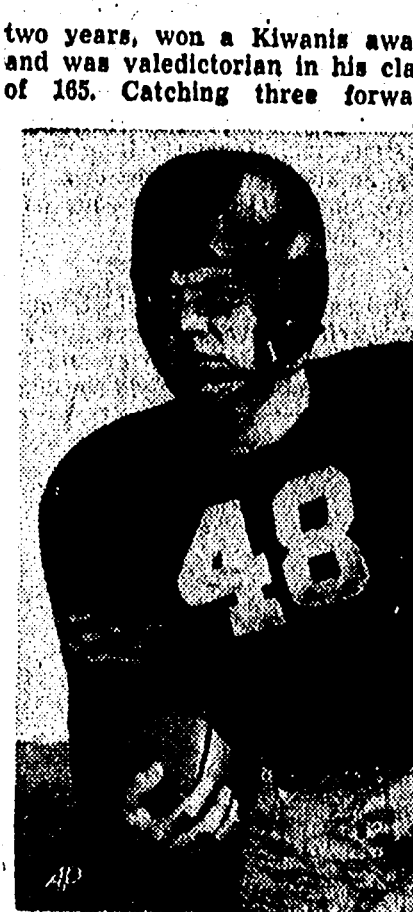

WEST POINT, N. Y. (AP)—Harold Dean Shultz will get a lot of work as an Army back when the football season rolls around next fall. The lad from Huntington, Ind., should be very happy because Shultz and work are synonymous.

He worked his way through high school because his father died when Hal was 11. Until admitted to the U. S. Military Academy he worked at various jobs. At 12 he helped around a filling station and although he started out by draining a car crankcase, causing the gears to lock, he held the job for almost four years.

Shultz also had a morning paper route, labored on a construction job and played the saxophone in a dance band.

He was really tiny when he first entered high school at 12. He weighed 110 pounds and reached all of five feet three inches. Today he's one of the smallest and lightest members of the Army varsity. He now weighs 165, stands five feet nine and is 19.

At high school in Huntington he starred in football, basketball, track and tennis. He made the National Honor Society in his last

HAROLD SHULTZ He Keeps Busy

passes in one half in a high school game was his big thrill until he came to West Point.

He ranked 33rd in his yearling class last year and even higher as a football player in the eyes of Coach Earl (Red) Blaik.

Shultz had the best yard gaining average among the Cadets. It was 8.1 yards, the result of 203 yards in 25 attempts. He broke into the scoring column twice, once against Navy when he replaced Bobby Jack Stuart in the backfield.

Gil Stephenson, the sensational sophomore of last season, will be the big gun on Army's attack this fall but Shultz will wear a lot of watching, too.

## Weimar Semi-Pro Team Faces Test

WICHITA, Kan. (AP)—The Weimar, Tex., Tractors test their strength against a top-ranking team in the National Semi-Pro Baseball Tournament tonight.

They meet the Mount Vernon, Wash., Milkmaids in the feature of a three-game card at 8 p. m.

The Milkmaids placed third in last year's tournament. They showed Sunday night they are just about as potent this season—beating the Great Falls, Mont., East Air Base, 15-1.

The Weimar roster includes 10 members of the University of Texas team that won the National Intercollegiate Baseball Championship last June.

The Texans won their first round game in the semi-pro meet Saturday night, defeating the Weiser, Idaho, Pros, 2-1.

## Millsap, Houston Horses Win Top Show Honors

News Messenger News Service

GLADEWATER (AP)—Miss Barbara, owned by L. E. Sawyer, Millsap, won the grand championship for halter class mares, and Billy Mann, owned by Leonard Harper, Houston, took top honors among the stallions in the Glade-water Quarter Horse Show concluded Saturday night.

More than one hundred horses were entered in the various halter and use classes of the two-day show sponsored by the East Texas Quarter Horse Breeders Association.

Winner of the roping horse contest, in which horses were judged 100 per cent, was Steeldust's Brownskin, owned by the Bateman Ranch, Knox City. Second was Adjuster, from the stables of L. E. Sawyer, Millsap. Buckaroo Chief, Dr. J. H. Mitchell, Tyler, was third.

Cindy, owned by Fred Albright, Knox City, won the cutting horse contest. Second was Joe Clark T. Ray W. Tharp, Mesquite, and third was Texas Sue, H. C. Clements, Longview.

The reigning class was won by Steeldust's Little Sister, from the Bateman Ranch stables. Pretty Bailey, owned by Sawyer, was

## Softball Titlist

BROWNWOOD (AP)—Nixon City of Austin is the American Softball Association Champion of Texas.

The Austin team won the title Sunday night by beating G. E. Watson of Mercedes 1-0 in the finals.

### BOSTON CLOSES ON YANKS

# Cardinals Miff Chance To Widen National Lead

By JOE REICHLER

The St. Louis Cards faced a golden opportunity to open their biggest lead of the year over Brooklyn — two and a half games — Sunday. They had just whipped the Pittsburgh Pirates, 4-2, in the first game of a double header while the Dodgers were losing to Boston, 10-0. That gave the front-running Cards a two-game bulge. A victory in the second game would increase their margin to two and a half games.

But they reckoned not with their former pitching star, Murry Dickson. Murry not only beat them but shut them out with two singles. The score was 8-0.

Fred Martin, a repatriate from the Mexican League, pitched the 4-2 win for the Cards.

The Boston Red Sox closed in on the American League leading New York Yankees, cutting their first place margin to two and a half games by walloping Washington, 4-0. Philadelphia helped the Red Sox by downing a Yankees, 8-7.

Third place Cleveland split a doubleheader with the White Sox in Chicago. The Indians came from behind to win the second game, 7-4, after Chicago had won the opener, 5-4.

St. Louis moved out of eighth place by splitting a twin bill with Detroit. Les Moss' two-run pinch hit single in the eighth beat the Tigers, 4-2, in the first game. Home runs by Vic Wertz, Pat Mullin and Paul Campbell won the second game for Detroit, 8-7.

The Philadelphia Phils divided a doubleheader with the New York Giants. Kenny Kintzleman blanked Leo Durocher's crew, 4-0, for the Phils in the opener. The Second game was forfeited to the Giants by Umpire Al Barlick in the ninth inning when the Philadelphia cus-

tomers rained pop bottles and other missiles on the field in protest over a decision by Umpire George Barr. Barr had ruled that Philly Outfielder Richie Ashburn had tripped a drive off the bat of Joe or the Cubs had won the opener, 4-2.

Cincinnati came back to get a split in its twin bill with Chicago, winning the second game, 6-1, after a drive off the bat of Joe or the Cubs had won the opener, 4-2.

CATCHER INJURED BY FLYING BAT—Eddie Malone, on ground, Chicago White Sox catcher, receives first aid from a trainer after he was struck with a flying bat in game with Detroit Tigers at Chicago. Mishap occurred as George Kell, Tigers third baseman, grounded out. Malone suffered a cut behind the left ear and was replaced by Joe Tipton. Looking on are Vic Wertz (20), Tigers outfielder; White Sox Coach Bing Miller (33), and Umpire Cal Hubbard. Others are unidentified. (AP Wire-photo)

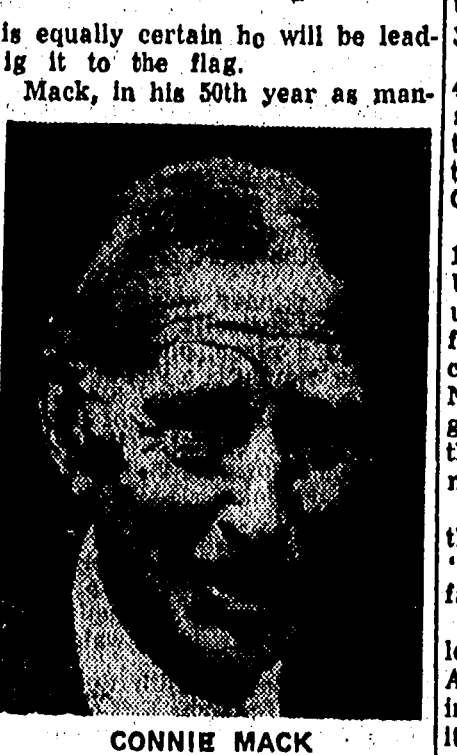

## Connie Thanks New York For His 'Greatest Day'

NEW YORK (AP)—Octogenarian Connie Mack, still beaming over "my greatest day in baseball," is looking forward to more glorious ones "in the next few years" with his Philadelphia Athletics.

The 80-year-old manager of the Athletics, honored at Yankee Stadium Sunday with a special "Connie Mack Day," told the 64,323 fans that he expects to give Philadelphia another pennant in the next few years.

"This has been the happiest day of my life," Connie told the near capacity crowd. "I wish to thank the New York Yankee organization and the baseball fans of New York for making this a great day for me. I expect in the next few years to have more great days in Philadelphia."

"Mr. Mack" with 11 American League championships behind him, is convinced he has another pennant winner in the making. He

CONNIE MACK

ager of the Athletics, says he has no intention of quitting.

Connie probably never will forget the tremendous reception he was given at the stadium. It must have warmed his heart to see once again such former favorites in which elegant uniforms as Lefty Grove, Home Run Baker, Jimmy Fox, Bing Miller, Camera Eye Max Bishop, Mule Haas, Mickey Cochrane and Jack Barry.

The eight, along with his son, Earle, and Al Simmons, another of his ex-ches, took part in an old-timers game against a team of Yankee old timers.

## All-Star Squads Open Workouts

WICHITA FALLS (AP)—Texas and Oklahoma schoolboy football squads that battle here Friday night in the annual Oil Bowl game went through their first practice session today.

It's two-day work-outs until the big game.

The squads arrived Sunday. Paul Young of Muskogee, and Dean Ward of Watonga will tutor the Oklahoma team. The Texans will be coached by Truett Owens of Arlington Heights, Fort Worth, and Joe Goding of Wichita Falls.

One change was made in the Texas lineup today. Bobby Blair, end from Texarkana, will replace Glenn Teague, who held down the opposite end for Texarkana last season.

## Oakland Girl, 18, Wins 14th Swimming Crown

SAN ANTONIO (AP)—Pretty Zoe Ann Olsen had her fourteenth national championship for her hope chest today and Hawaii could brag of almost complete domination of the Women's AAU Swimming Meet.

Zoe Ann, who will wed football star Jack Jensen next month, came back from a nasty tumble Sunday to win her fourteenth title

—the three meter springboard. She won 155.76 points by using five of the most difficult tricks in the book for optional dives.

Hawaii's bronzed swimmers win six championships, a flock of second, thirds and fourths and the team trophy with 48 points.

Miss Olsen, 18-year-old Oakland, Calif., Olympics star, skidded on the slippery springboard as she started a two and one-half somersault. She landed on her back and slid off the board.

After dabbling away a few tears, she went right back and executed the dive. It netted 48-2 points. Her next three optional were beautiful, and the last — a running, full twisting forward one and one-half somersault — was near perfection.

Catherine Kleinschmidt of Illinois beat out mite champion Jean Jutyns of Indianapolis by a finger-nail's margin in the 850-yard free-style race. Both girls were clocked at 11:48.1.

In the other two finals Sunday, the Los Angeles Athletic Club won the 330-yard medley relay in 4:02 and Carolyn Pence of Lafayette Country Club, Lafayette, Ind., the 110-yard breaststroke in 1:25.0.

## Longview Masons To Hold Program

The Rev. Bruce Brannon, pastor of the First Presbyterian Church and Past Grand Master of the Masonic Lodge of Texas, is to participate in corner stone leveling ceremonies at a new Masonic temple in Longview Tuesday.

The temple is located on N. Center St., near Marshall Ave. The program is to begin at 5 o'clock. State Masonic lodge officials are to attend. Hugh M. Craig of Fort Worth, Most Worshipful Grand Master of the Grand Lodge of Texas, is to deliver the address. Others on the program include Leo Hart of Gilmer, past Grand Master and Galloway Calhoun of Tyler, Most Imperial Potentate of the Shrine, of North America.

A barbecue is to be held on the grounds following the ceremonies.

## No Rail Service Cut at Carthage

CARTHAGE—Carthage has been promised by the Gulf, Colorado & Santa Fe Railroad it will have no cut in week-end rail service. Saturday service is being reduced in some areas because of the 40-hour week schedule soon to go into effect for railway personnel. City officials were told by F. E. Benton of Beaumont, traveling freight agent of the Santa Fe, there would be no reduction here because of the volume of business Carthage produces.

## Pennies Clinch Deal

WEESINGTON, S. D. — Mr. and Mrs. Harry Krantz paid for a new electric stove with 2,050 dimes and 49 pennies. After having saved the money in a big jar for a year and a half, they counted out \$205.49 to make the purchase.

## Dr. John R. Cullum's

### HEALTH COLUMN

## "Just Supposin"

Just suppose there is a brick on the stem of a tomato plant in your garden. The plant will, in time, become less healthy than the other plants. It will be bent over, lose its natural color, and become withered. All or any part of the plant may show the effect or symptoms of this partial paralysis of function.

The plant will not be as healthy or be able to function as well as the plants that do not have this interference to flow of "Life Force."

Should you have someone treat the condition by injecting a drug into the plant?

Should you have someone massage or manipulate the stem?

Should you have a plant surgeon treat the condition by surgically removing the dead, withered leaves?

Obviously, you would do none of these things. You would remove the cause by removing the brick from the stem of the plant.

Why not apply the same logic and common-sense to your body? If there is within you an interference to the flow of "Life Force," logically this should account for "paralyzed function" (which you call sickness). What more should be necessary to restore normal function than to remove the interference?

You would not call the removal of the brick from the stem of the plant a treatment of the disease of the plant, would you? That is why your Chiropractor does not use the word treatment in speaking of what he does.

You would not say you cured the plant of its disease by removing the brick from the stem, would you? Neither does your Chiropractor say he cures the body. He realizes that repair is one of the functions of the body and when paralysis of function is eliminated, the "manager" within the body will repair, heal, and cure.

## Stories of Famous Hymns

by HORACE B. POWELL

### Children of the Heavenly King

Children of the heavenly King,  
As we journey let us sing;  
Sing our Savior's worthy praise,  
Glorious in His works and ways.

We are traveling home to God,  
In the way our fathers trod;  
They are happy now, and we  
Soon their happiness shall see.

Fear not, brethren, joyful stand  
On the borders of our land;  
Jesus Christ, our Father's Son,  
Bids us undismayed go on.

Lord, obediently we'll go,  
Gladly leaving all below;  
Only Thou our Leader be,  
And we still will follow Thee.

### "Children of the Heavenly King"

The Rev. John Cennick, English churchman, wrote this hymn about 1740. Today — two centuries later — it is still in wide use and is to be found in nearly all Christian hymnals.

It is probably the best known of his hymns, but he wrote two others, to be used before and after meat, which have become as famous as his songs.

His "Grace Before Meat" opens

with the lines:

"Be present at our table, Lord!  
Be here and everywhere  
adored;  
Thy creatures bless and grant  
that we  
May feast in Paradise with  
Thee."  
And his "Grace After Meat" with the stanza:  
"We bless Thee, Lord, for this  
our food,  
But more for Jesus' flesh and blood;

The manna to our spirit given,  
The Living Bread sent down  
from Heaven."

At the time of his conversion, as a lad of 17, Cennick became a Methodist — first a member and then a minister. But later in life he transferred his religious affections to the Moravian church. His hymn, "Children of the Heavenly King," was written while he was a member of the latter fellowship. He was only 37 when he died in 1755.

### And Surprise Visit It Was

CHATTANOOGA, Tenn. (AP) — Eva Russell, 38, decided to pay a surprise visit to a friend, it was.

She found Eugenia Chitty under the bed staring in alarm at the headlights and grille of a car—Mrs. Russell's—which had just plowed through the brick wall.

The Chitty woman said she was sleeping on the floor because it was cooler there. As for the woman driver, a novice, she said she just forgot to turn a corner.

### Woman Held In Poison Death

EVANSVILLE, Ind. (AP) — A buxom brunette housewife charged with killing her mother by arsenic poisoning was to be returned here from Memphis, Tenn., by Sheriff Frank McDonald.

The sheriff will return the 27-year-old woman, Mrs. Clarice Spurluck of Evansville to face first degree murder charges filed in the death of her mother, Mrs. Eunice Ivone Dearing, 56, of Huntington, Ind. The woman died last Nov. 16 after a visit here.

Meanwhile, R. Owen Williams, Vanderburgh County prosecutor, prepared papers for the exhumation of the body of Mrs. Spurluck's father, Winter Dearing. The 89-year-old man died last April 5 after visiting his daughter here and the prosecutor said examinations would be made to learn whether there was any evidence of poison.

Many types of moss have "teeth" which close on damp days and permit spores to escape only in dry weather when they can be blown about by the wind.

## Lease Buying Up in Area

Additional lease activity was reported today from Cass and Gregg counties.

Jesse Bohon, lease broker, has assigned a 3,000-acre spread recently taken in the Kildare area to Standlind Oil & Gas Co. The spread is three miles north of Kildare in the G. S. Young, Robert Frazier, G. Myers and BBB&C RR surveys.

Two miles east of Kildare, W. B. Oberthier has taken 1,500 acres for Arkla Oil Co. Buying has been in the I. Fishback survey with most of the acreage on J. W. Bemis lands.

In the southwest part of Gregg County where it has been buying since 1945, Humble has recently added to its holdings. Latest acquisitions are in the P. L. Wade, James Mansford, G. Needham and William Lyles surveys. The Whelan field in Northwest Harrison county gained its second location within a week. D. E. and R. J. Whelan filed application for permit to drill No. A-1 A. H. Peal. Footage measurements were not immediately available. Earlier, Placid Oil Co. filed for No. 2 Dunn Unit 2, in the Ony survey two miles northwest of Harleton.

## Moore Honor Student At Graduation Of Jet Engine Class

T-Sgt. Cyril A. Moore, son of Mr. and Mrs. Henry A. Moore, 305 East Border St., is a member of the graduating class in the Airplane Power Mechanics Specialized Jet Engine course, Technical Training School, Chanute Air Force Base, Ill.

He has been designated honor student of the class for maintaining the highest scholastic average during the eight weeks of specialized training in the repair and maintenance of a particular type of airplane power plant. The course consisted of instruction in the construction, operation, adjustment, disassembly, repair, and assembly of the major engine units and accessories. A certificate of achievement is his award for this record.

Sgt. Moore enlisted in the service Feb. 17, 1937 and completed basic training at Barksdale Air Force Base. During the war he was stationed in the Southwest Pacific and participated in 25 missions. For his service overseas he was awarded the Purple Heart, Air Medal, Unit Citation, Southwest Pacific Theater Ribbon with three stars and Victory Medal.

Prior to coming to Chanute Moore was stationed at Barksdale Air Force Base, and his wife, Mrs. Martha V. Moore, is presently residing at 2720 Midway Street, Shreveport.

### Strike Terms Reached

MADISON, Wis. (AP) — Announcement of ratification of terms of a settlement was awaited today to put an official end to the week-end strike of 40 Negro employees of Mazo Food Products Co. The Negroes, migratory workers from Georgia and the Carolinas, left their jobs on the firm's farm at nearby Mazomanie Friday. They invaded the capital with handbills titled "End Slavery in Wisconsin," and charged their employer with providing poor living conditions and inadequate pay.

### Old Practice Carried On

BLOCK ISLAND — Dr. Lorenzo Orlando, 41, this small island's only physician for 950 farm and fish-erfolk, took over a medical practice established 59 years ago. Dr. Orlando assumed the duties of Dr. Charles F. Perry, 80, on the latter's death. The island's residents guaranteed him \$6,000 worth of new medical equipment.

## PRESIDENTIAL CONGRATULATIONS—

President Truman, left, congratulates Tom Clark in his office after the Senate confirmed the Texan as an Associate Justice

of the Supreme Court by a 73 to 8 vote. The Senate also confirmed Senator J. Howard McGrath (D-RI) to succeed Clark as attorney general. (AP Wirephoto)

### THE GALLUP POLL

## FBI Is Given Big Vote of Confidence

By GEORGE GALLUP  
Director, American Institute of Public Opinion

PRINCETON, N. J. — J. Edgar Hoover's Federal Bureau of Investigation gets a big vote of confidence from the public in a nationwide survey of opinion conducted by the American Institute of Public Opinion.

Recently the F.B.I. has been the target of charges from a number of left-wing and liberal sources as the "American Gestapo." These criticisms do not seem to have had much effect on the attitude of the public as a whole toward the Bureau.

Only a small proportion of persons polled — 3 per cent — express disapproving or derogatory opinions about the F.B.I. Last year President Truman gave the F.B.I. one of its most difficult assignments to date — checking on the loyalty of 2,500,000 federal employees. Charges of "thought police" and of acting as "thought police" have grown out of this assignment.

To carry out this task as well as to enforce more than 120 major federal laws, the F.B.I. has only 4,100 agents, or one for every 37,000 persons in the country. A great deal of the information in F.B.I. files is sent in by the public in the

form of "tips," rather than being dug up by F.B.I. agents themselves. If it comes to a question of enlarging the F.B.I. to carry on the investigation of Communist groups, the Bureau would have little difficulty enlisting public support.

### Nice Old Custom

WORCESTER, Mass. — Alexander S. Charkowski, 84, a landlord, said it was an old Polish custom when he gave his tenants, Mr. and Mrs. Corrado Gastaldo, \$25 in cash on the birth of their first child.

## Burch Conducting Music at Jacksonville Revival Services

James Burch, student at East Texas Baptist College, is conducting the music and devotional periods for a 10-day revival at Jacksonville.

The revival opened with services Sunday. It is at the Bethel Baptist church. The evangelistic messages are to be brought daily by the pastor, Dr. Albert Garner.

## Only Chrysler Offers

Drive through high water... Start instantly in dampest weather!  
You can't stall this amazing Chrysler High Compression Spitfire Engine even if you play a hose on it!

Latest and greatest development in high compression! Pioneered by Chrysler engineers who first introduced high compression to America 23 years ago! Featuring still higher compression Chrysler's mighty Spitfire again steps years ahead. Now you get completely waterproofed ignition system, coil, distributor, wiring harness, Spark Plugs—everything! And again our developments in engine protection keep pace with our advances in performance. Full Pressure Lubrication prolongs engine life. Exclusive Full Flow Oil Filter keeps oil clean that a change is necessary only every 5,000 miles. Chemically treated cylinders reduce cylinder wall scoring, save on oil. New Wide-Gap Resistor Spark Plugs cut misfiring, conserve fuel. Superfinish reduces wear of moving parts. And these are only a few of the Chrysler engineering "crets" the others can't match. Phone us today for a demonstration.

The Beautiful Chrysler  
Silver Anniversary Model  
PRESTOMATIC FLUID DRIVE TRANSMISSION  
... drive without shifting.

## Perkins Brothers Adds New Line of Naturalizer Shoes

A line of shoes famous from coast to coast made its debut last week at Perkins Brothers, 200 E. Houston.

The new shoes for fall are the Brown Shoe Co.'s Naturalizers, as advertised in Cosmopolitan, Vogue, Life and Look Magazines, according to E. B. Maxwell, Perkins manager.

Known as "The Shoe with the Beautiful Fit," Naturalizers are available at the local department store, in widths from B to quadruple A, Mr. Maxwell said.

The showing of the new fall shoes marks addition of the Naturalizer line to Perkins Brothers' already large stock of Johansen shoes, for which it is a companion line.

**NINE PATTERNS**

Mr. Maxwell said that the new line, in which nine patterns are being shown for fall, is available in combination lasts.

"Naturalizer is a shoe of recognized quality at a common sense price," the store manager said this morning in announcing addition of the new line.

"Naturalizer shoes have won their colors for smart young styles in everything from flats to dancing shoes. The 'beautiful fit' means no slipping at the heel when you walk, no gap at the sides when you flex your foot, and never a pinch at the toes," he added.

In addition to the wide variety of widths in which the new shoes are available, Mr. Maxwell said that they are available at Perkins Brothers in all patterns in sizes from 4 1/2 to 9.

The nine patterns in which Marshall and Harrison County women may secure Naturalizers at Perkins include suedes in black and brown, and highly polished calf in black, brown and kelly green.

**NEW STYLES LISTED**

Among the styles in the new fall line are the following:

"Babs," an open toe, open heel sling pump in black suede and with a 17-8 heel and bow ornamentation which makes it

a real dress-up shoe.

"Jubilant," a walking style shoe in kelly green and brown calf which has an open heel and a closed toe. It is made with a 13-8 block heel.

"Kay," an open toe, closed heel pump in brown and black calf, 17-8 heel.

"Clipper," a closed toe, closed heel walking shoe.

"Lassy," a black suede, "deb" type shoe with closed toe and open, flat heel.

"Diane," an open toe, closed heel black suede with bow ornamentation.

Mr. Maxwell, in announcing the new line, today invited the women of Marshall and Harrison County to visit Perkins for an inspection of "The Shoe with the Beautiful Fit."

## Business News

### Kaiser 'Traveler' Is Actually 2-Cars-in-1

The Kaiser Traveler, "two cars in one," was cited today as "the world's most useful car."

Whether for sport or about-the-city driving, it offers features not found in other cars of the same price field.

Manufacturers of the Kaiser offered the nation's motorists a sporting proposition last week in a series of nationally-circulated advertisements:

"Get two cars' for the price of one — and get set for a wonderful time."

First, open the hold-on 10 steel-shod feet of space to hold all your gear, your hunting and fishing supplies, even your boat, they invited.

Then get behind the powerhouse Thunderhead engine, with its gas-saving, hill-taking 7.3-to-1 compression ration. "Start out, and

count on the Traveler's extra long 123 1/2-inch wheelbase to count off the miles without 'short car fatigue,'" they added.

And then for a quick change. "Down goes the hatch, up comes the tail-gate, back goes the seat. In 10 seconds, without using tools or bolts, you've got your second car," the Kaiser-Frazer Corp. concluded.

The Traveler's seats are six-people wide, and the car is loaded for performance, for power, for prestige, officials of the Kaiser concern pointed out.

Kaiser-Frazer dealer in Marshall is the Rogers-Rains Motor Co., 1706 E. Crockett.

Johnny Rains and Zeke Rogers, owners of the agency, invited motorists of Marshall and Harrison County to visit their showrooms for an inspection of the Traveler, a new departure in automotive transportation.
